

ENTREPRENEURSHIP (PHD)

Doctor of Philosophy in Entrepreneurship

Unit: College of Business (<http://business.louisville.edu/>) (GB)
 Department: Entrepreneurship (<http://business.louisville.edu/eship/>)
 Program Website (<https://business.louisville.edu/academics-programs/graduate-programs/eandi-phd/>) (<https://business.louisville.edu/academics-programs/graduate-programs/eandi-phd/>)
 Academic Plan Code(s): ENTRPHD

Program Information

Admission to the program is highly competitive. It is based on an applicant's past graduate and undergraduate school records, score on the graduate management admissions test (GMAT) and/or Graduate Record Examination (GRE), relevant professional and research experiences, a personal statement, and letters of recommendation.

No specific graduate or undergraduate major is required. However, an MBA or entrepreneurship-related master's degree is preferred. A student who does not have a master's degree in business may be required to complete a set of courses equivalent to a "core" that is covered in an MBA program. Questions about prerequisites should be directed to the program director. This is a full-time program, requiring year-round study and a 20-hour/week paid research assistantship. Typically, students can finish their coursework in two years and the program in four years, subject to progress on a dissertation. Students must complete 52 credit hours, which consists of required and elective seminars, independent research, and a professional development workshop. A student's curriculum choices are supervised and approved by an advisory committee.

All required courses are offered on a biennial basis in the Fall, Spring, and Summer semesters, along with a variety of elective courses.

Admission Requirements

Admission to the program is highly competitive. This is a full-time program, requiring year-round study and a 20 hour/week paid research assistantship. Typically, students can finish their coursework in two years and the program in four years, subject to progress on a dissertation. Students generally take about fifteen courses consisting of seminars and directed readings and/or research. A student's curriculum choices are supervised and approved by an advisory committee.

The following application materials are **required**:

- Complete a graduate application (<http://louisville.edu/graduate/futurestudents/apply-materials/application/>) for admission through the Graduate School.
- Official transcripts of all undergraduate and graduate work. An undergraduate degree is required. No specific graduate or undergraduate major is required. However, an MBA is preferred. A student who does not have a master's degree in business may be required to complete a set of courses covered in an MBA program.
- Official GMAT score. A GMAT score is required that is no more than two years old from date of application. A GRE score may be substituted for a GMAT score where GMAT testing is not available.
- Two letters of recommendation.
- Resume or CV.
- Personal statement about the applicant's interest in entrepreneurship research.

- Applicants with credentials from foreign universities must submit them for evaluation to one of the following services, which will issue a report that will become part of the applicant's application:
 - World Education Services www.wes.org (<http://www.wes.org>)
 - Education Credentials Evaluator ece.org (<http://ece.org>)
- Applicants with a degree from a non-English speaking university or those for whom English is not their native language must submit a TOEFL (<https://www.ets.org/toefl/>)/IELTS (<https://www.ielts.org/>)/Duolingo (<https://www.duolingo.com/>) score.

All required courses are offered on a biennial basis in the fall, spring and summer semesters.

Degree Requirements

The PhD program in Entrepreneurship produces aspiring scholars who become faculty members at leading business schools worldwide, well trained to both teach and conduct high quality research in the domain of entrepreneurship, as well as provide valuable service to their institutions, the scholarly profession, and their local communities.

To prepare for their future faculty roles, students are full-time students and serve as research assistants during the first two years of the program. Students gain teaching experience during the last two years in the program. Students will also participate in a professional development workshop throughout their tenure in the program.

After passing qualifying exams, required courses, and writing required papers, students proceed into candidacy and write their doctoral dissertations in their remaining years of the program.

The following are the current curriculum requirements for the Entrepreneurship PhD, which includes 52 credit hours of approved course work. Because the state of the knowledge in the field changes, both the content and sequencing of these course requirements changes to address topics of current interest in the field. Faculty may change as well.

The curricular requirements include:

- At least 52 credit hours at the 700-level that includes pre-dissertation/dissertation research coursework.
- Included with the 52 credit hours, students will complete a minimum of 39 credit hours in courses dedicated to the primary area of study. This includes:
 - Entrepreneurship core which consists of a minimum of 12 credit hours required of all PhD students that includes: ENTR 723, ENTR 724, ENTR 745, and ENTR 746.
 - Research design and methods which consists of a minimum of 12 credit hours required of all PhD students that includes: ENTR 702, ENTR 741, ENTR 710, and ENTR 711
 - Supporting field seminars which consist of a minimum of 15 credit hours in supporting course work that is approved by the PhD advisory committee.

Applicants should contact the Program Director, Dr. Daniel Bennett, at daniel.bennett.2@louisville.edu (danielbennett.2@louisville.edu) if they have questions about the curriculum requirements.

Code	Title	Hours
