This program was approved for students entering the university in the Summer 2025-Spring 2026 catalog year. For more information about catalog year, go to Catalog Year Information (https://catalog.louisville.edu/undergraduate/university-wide-unit-specific-policies/catalog-year/).

Bachelor of Music with Emphasis in Jazz Performance

Unit: Music (http://www.louisville.edu/music/)
Academic Plan Code(s): MUSIBM_JAZ

Program Information

The Bachelor of Music in Jazz Performance degree is appropriate for students who wish to prepare for a career in music performance and related fields. The Bachelor of Music degree with an Emphasis in Jazz Performance is intended to prepare students with the skills needed to perform, compose and arrange within the jazz idiom. Among the goals of the degree are to prepare students to be skilled in the art of jazz improvisation, be well versed in a variety of performance techniques, be able to compose and arrange within the jazz idiom, and to have an understanding and appreciation of the jazz tradition through the study of and performance with jazz masters. Among the particular career emphases for which the BM in Jazz Performance is an appropriate preparation are professional performer, music arranger or composer, or teacher. Since it is unlikely that graduates of the program will have developed all the requisite skills to enter the professional ranks of performers or university teachers, most graduates will continue to develop their skills through additional study.
