### NURSING (NURS)

Subject-area course lists indicate courses currently active for offering at the University of Louisville. Not all courses are scheduled in any given academic term. For class offerings in a specific semester, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm).

500-level courses generally are included in both the undergraduate- and graduate-level course listings; however, specific course/section offerings may vary between semesters. Students are responsible for ensuring that they enroll in courses that are applicable to their particular academic programs.

### Course Fees

Some courses may carry fees beyond the standard tuition costs to cover additional support or materials. Program-, subject- and course-specific fee information can be found on the Office of the Bursar website (http://louisville.edu/bursar/tuitionfee/).

<tbody>
<tr>
<td>NURS 500.</td>
<td>Variables Impacting Health Care Delivery: A Global Context</td>
<td>3 Units</td>
<td>Disparities in international health care delivery and the contributing variables will be explored. Culture-specific content is based on the country of study and is delivered by the interdisciplinary faculty. For class offerings for a specific term, refer to the Schedule of Classes (<a href="http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm">http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm</a>)</td>
<td></td>
<td>Spring Only</td>
<td>An additional $150.00 is charged for this course.</td>
<td>Admission to MEPN Program, NURS 408 and NURS 608.</td>
<td>Spring Only</td>
</tr>
<tr>
<td>NURS 501.</td>
<td>Pathophysiology</td>
<td>4 Units</td>
<td>This course emphasizes the synthesis of preexisting knowledge of normal physiology to understand pathophysiological processes common among individuals and populations across the lifespan. For class offerings for a specific term, refer to the Schedule of Classes (<a href="http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm">http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm</a>)</td>
<td>Department Permission.</td>
<td>Spring Only</td>
<td>This practicum will require students to formulate a leadership/management, policy or evidence-based project based on the assessed needs of their clinical site. With approval from their clinical preceptor and their instructor, students will apply knowledge and skills acquired in their master's course work in the completion of the project and the presentation of outcomes/findings.</td>
<td></td>
<td>Spring Only</td>
</tr>
<tr>
<td>NURS 502.</td>
<td>Pharmacology</td>
<td>3 Units</td>
<td>This course is designed to provide nursing students with a sound basis for the clinical application of pharmacology. The basics of core drug knowledge, including pharmacotherapeutics, pharmacodynamics, and pharmacokinetics are covered. Emphasis is placed on learning drug classifications by clinical indication or body system with advanced understanding of potential drug interactions, pharmacogenetics and pharmacoeconomics. For class offerings for a specific term, refer to the Schedule of Classes (<a href="http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm">http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm</a>)</td>
<td>Department Permission.</td>
<td>Fall Only</td>
<td>This course emphasizes the application of pre-existing knowledge of pathophysiological processes and pharmacology management in pediatric and maternal health. For class offerings for a specific term, refer to the Schedule of Classes (<a href="http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm">http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm</a>)</td>

</tbody>
</table>
NURS 609. Research Design and Professional Writing 3 Units
Prerequisite(s): Admission to the MSN program or consent of Instructor.
Description: This course is an overview of nursing research using multiple designs and methods. Ethical issues, data management and analysis of findings are included. Instruction in scientific writing is integrated.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 610. Nurse Educator Clinical/Practicum 2 Units
Grading Basis: Pass/Fail
Prerequisite(s): NURS 605 and NURS 652; NURS 657 (or concurrent), ELFH 661 (or concurrent), and ELFH 683 (or concurrent).
Description: This course is designed so that students gain clinical expertise with a population of interest and apply that knowledge to the nurse educator role. The integration of evidence based nursing practice and educational concepts in the clinical and classroom settings is emphasized.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 611. Graduate Pharmacology for Advanced Practice Nurses 3 Units
Prerequisite(s): Entrance to the Graduate Program in the School of Nursing.
Description: This course will provide the nurse practitioner student with a sound basis for clinical application of pharmacology. Emphasis is placed on learning drug classifications by clinical indication or body symptoms.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 612. Philosophy of Science 3 Units
Prerequisite(s): Enrollment in the doctoral program.
Description: Overview and critical analysis of science as a way of knowing, including epistemological and ontological implications of differing approaches to knowledge generation.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 613. Introduction to Health Care Policy 3 Units
Description: This course provides the student with the understanding of the role of the nurse as leader and advocate in health policy at the local, state, regional, national and global level. Students will analyze and evaluate how policy influences health care delivery in the context of stakeholders, politics and economics.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 615. Advanced Clinical Practice: Women's Health Nurse Practitioner, Clinical I 2 Units
Prerequisite(s): NURS 660 and NURS 661.
Corequisite(s): NURS 602, NURS 604, NURS 616, and NURS 619.
Fee: An additional $200.00 is charged for this course.
Description: This course will provide the nurse practitioner student with comprehensive patient assessment, diagnosis and management for abnormal conditions, recognizing those issues within the scope of practice for WHNP's. The focus of the course is identifying between normal and abnormal, and in making beginning differential diagnoses.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 616. Women's Health Nurse Practitioner I 3 Units
Prerequisite(s): NURS 601, NURS 660, and NURS 661.
Corequisite(s): NURS 602, NURS 604, NURS 615, and NURS 619.
Description: This is the first in a series of four courses (two didactic; two clinical) which assist students to develop the role of the Women's Health Nurse Practitioner. The focus of the initial course is on the health and well being of girls and women across the life-span. It emphasizes the application of concepts, principles and skills needed to provide care for common, well-defined obstetric and gynecologic health processes and problems of adolescents and adults frequently encountered by Women's Health Nurse Practitioners. The focus of this course is identifying between normal and abnormal, and in making beginning differential diagnoses.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 617. Advanced Clinical Practice: Women's Health Nurse Practitioner (WHNP), Clinical II 1 Unit
Prerequisite(s): NURS 604, NURS 615, NURS 616, and NURS 619.
Corequisite(s): NURS 618.
Description: This clinical course places an emphasis on the role of the advanced practice nurse as a member of the health care team in obstetric settings. The clinical experience focuses on comprehensive patient assessment, diagnosis and management of obstetric health problems for women and their families.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 618. Women's Health Nurse Practitioner II 4 Units
Prerequisite(s): NURS 604, NURS 615, and NURS 616.
Corequisite(s): NURS 617.
Description: This is the second in a series of four courses (two didactic; two clinical) which assist students to develop the role of Women's Health Nurse Practitioner. The focus of this course is on the diagnosis and management of complex health issues affecting multicultural women across the life-span. It emphasizes the application of concepts, principles and skills needed to provide care for more complex obstetric and gynecologic health processes and problems of adolescents and adults frequently encountered by Women's Health Nurse Practitioners (WHNP's). The focus of this course is developing differential diagnoses for abnormal conditions, recognizing those issues within the scope of practice for WHNP's, and when referral to other health care providers is warranted.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 619. Advanced Skills Laboratory: Women's Health Nurse Practitioner 1 Unit
Prerequisite(s): NURS 602, NURS 660, and NURS 661.
Corequisite(s): NURS 604, NURS 615, and NURS 616.
Description: This laboratory course places an emphasis on advanced psychomotor skills used by Women's Health Nurse Practitioners across a variety of obstetric and gynecologic settings. These skills are learned and practiced in the classroom setting before application in the clinical setting.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)
### NURS 620. Theory for Evidence Based Practice
- **Term Typically Offered:** Fall Only
- **Prerequisite(s):** Admission to MEPN Program.
- **Fee:** An additional $100.00 is charged for this course.
- **Description:** This course assists the student to critically evaluate evidence for advanced nursing practice. Students will use research theory and process to critique for the continual improvement of nursing care of diverse populations are examined.
- **Fee:** An additional $200.00 is charged for this course.
- **Term Typically Offered:** Spring Only
- **Fee:** An additional $200.00 is charged for this course.
- **Description:** This course explores the congruence of conceptual framework and theories from nursing and other disciplines and their use in clinical practice, education, research, and administration. Leadership, quality improvement, translational science, and organizational sciences for the continual improvement of nursing care of diverse populations are examined.
- **Fee:** An additional $100.00 is charged for this course.
- **Term Typically Offered:** Spring Only
- **Fee:** An additional $150.00 is charged for this course.
- **Description:** This course will focus on the theory and concepts of epidemiology and social determinants of health, and how they can be applied to nursing practice. Application and integration of the principles and tools of epidemiology to decision-making in a health care environment will be emphasized. This course provides an overview of health behavior at the level of the individual family, community, and clinical/aggregate populations. The effects of individual health beliefs, health behavior, and health disparities on health behavior will be discussed.
- **Term Typically Offered:** Fall Only
- **Fee:** An additional $150.00 is charged for this course.
- **Description:** This course explores the congruence of conceptual framework and theories from nursing and other disciplines and their use in clinical practice, education, research, and administration. Leadership, quality improvement, translational science, and organizational sciences for the continual improvement of nursing care of diverse populations are examined.
- **Term Typically Offered:** Spring Only

### Course Descriptions

**NURS 620. Theory for Evidence Based Practice**
- **Term:** Fall Only
- **Prerequisite:** Admission to MEPN Program.
- **Fee:** $100.00
- **Description:** Focuses on the theory and evidence-based practice skills necessary to implement the nurse practitioner role in a holistic manner that will advance nursing knowledge and the health of patients.

**NURS 621. Research and Evidence Based Practice**
- **Term:** Spring Only
- **Prerequisite:** Admission to MEPN Program.
- **Fee:** $100.00
- **Description:** Provides an introduction to the use of information technology in health care and health care systems. Factors that facilitate or prevent successful use of health care technology will be discussed.

**NURS 622. Advanced Clinical Practice: Adult Clinical Nurse Specialist 1**
- **Term:** Spring Only
- **Prerequisites:** NURS 600, NURS 605, NURS 611, NURS 651, NURS 655, NURS 657.
- **Fee:** $200.00
- **Description:** Explores the theoretical and practical applications of the Adult CNS in a variety of settings. The clinical practicum is designed by faculty and students to promote CNS competencies in the sphere of influence; patient/client.

**NURS 623. Advanced Clinical Practice: Adult Clinical Nurse Specialist II**
- **Term:** Spring Only
- **Prerequisite:** NURS 622.
- **Fee:** $200.00
- **Description:** Explores the theoretical and practical applications of the Adult CNS in a variety of clinical settings. The clinical practicum is designed by faculty and students to promote CNS competencies in the sphere of influence: nursing personnel and organization/network.

**NURS 624. Advanced Clinical Practice: Adult-Gerontology Primary Care Nurse Practitioner I**
- **Term:** Fall Only
- **Prerequisite:** NURS 656.
- **Fee:** $200.00
- **Description:** The purpose of this course is to provide clinical experience in comprehensive patient assessment, diagnosis and management of common primary health problems in adolescent, adult, geriatric patient populations. Students will begin practicing the role of an APRN under preceptor supervision.

**NURS 625. Advanced Clinical Practice: Adult-Gerontology Primary Care Nurse Practitioner II**
- **Term:** Spring Only
- **Prerequisite:** NURS 624.
- **Fee:** $200.00
- **Description:** Explores the theoretical and practical applications of the Adult CNS in a variety of settings. The clinical practicum is designed by faculty and students to promote CNS competencies in the sphere of influence; patient/client.

**NURS 626. Advanced Clinical Practice: Adult Nurse Practitioner III**
- **Term:** Spring Only
- **Prerequisite:** NURS 622, NURS 604, NURS 624, and NURS 625.
- **Fee:** $200.00
- **Description:** Focuses on the theory, principles, and tools of epidemiology and decision-making in a health care environment. This course provides an overview of health behavior at the level of the individual family, community, and clinical/aggregate populations. The effects of individual health beliefs, cultural variables, readings for change, community environment, and health disparities on health behavior will be discussed.

**NURS 627. Epidemiology and Global Health**
- **Term:** Spring Only
- **Fee:** $200.00
- **Description:** This course assists the student to critically evaluate evidence for advanced nursing practice. Students will use research theory and process to critique for the continual improvement of nursing care of diverse populations are examined.

**NURS 628. Health Information Technology**
- **Term:** Spring Only
- **Fee:** $200.00
- **Description:** This course assists the student to critically evaluate evidence for advanced nursing practice. Students will use research theory and process to critique for the continual improvement of nursing care of diverse populations are examined.
NURS 629. Advanced Health Assessment of the Neonate 3 Units
Prerequisite(s): NURS 605, NURS 607, NURS 608, NURS 613, NURS 652, and NURS 655.
Corequisite(s): NURS 658.
Fee: An additional $100.00 is charged for this course.
Description: This course is an in-depth study of neonatal assessment techniques and normal versus abnormal variations seen in the newborn. Emphasis is on the clinical presentation of the newborn, utilizing concepts from development anatomy and physiology as well as intrauterine factors that may alter findings. Students will learn advanced physical examination, gestational age, and neurobehavioral assessment skills specific to the neonate. For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 630. Neonatal Pathophysiology 2 Units
Prerequisite(s): Admission to the MSN program, Neonatal Nurse Practitioner track.
Description: Advanced neonatal pathophysiology serves as a basis for clinical management of the neonate. For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 631. Clinical Nurse Leader Immersion: Part I 1 Unit
Term Typically Offered: Spring Only
Prerequisite(s): Admission to MEPN Program.
Fee: An additional $50.00 is charged for this course.
Description: This practicum allows the student to begin to examine the various roles of the Clinical Nurse Leader (CNL) through a clinical immersion experience. This practicum will focus on the CNL as a clinician who advocates for the client, develops outcomes for the client, and manages client care using previous nursing coursework. The preceptor will help the students to begin to develop skills as a CNL through intensive clinical experience. The AACN competencies and curricular expectations for CNL education and practice (October 2013) will serve as the defining framework for this course.
Course Attribute(s): CBL - This course includes Community-Based Learning (CBL). Students will engage in a community experience or project with an external partner in order to enhance understanding and application of academic content. For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 632. Clinical Nurse Leader Immersion: Part II 3 Units
Term Typically Offered: Spring Only
Prerequisite(s): Admission to MEPN Program, NURS 631.
Fee: An additional $150.00 is charged for this course.
Description: This practicum allows the student to begin to examine the various roles of the Clinical Nurse Leader (CNL) through a clinical immersion experience. This practicum will focus on the CNL as a clinician who advocates for the client, develops outcomes for the client, and manages client care using previous nursing coursework. The preceptor will help the students to begin to develop skills as a CNL through intensive clinical experience. The AACN competencies and curricular expectations for CNL education and practice (October 2013) will serve as the defining framework for this course.
Course Attribute(s): CBL - This course includes Community-Based Learning (CBL). Students will engage in a community experience or project with an external partner in order to enhance understanding and application of academic content. For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 633. Advanced Neonatal Pathophysiology and Clinical Management I 4 Units
Prerequisite(s): NURS 605, NURS 607, NURS 608, NURS 613, NURS 629, NURS 652, NURS 655, NURS 658, and NURS 657.
Corequisite(s): NURS 637.
Fee: An additional $200.00 is charged for this course.
Description: This course provides a foundation in the cellular processes upon which neonatal pathophysiology occurs. Synthesis of topics in human embryology is the foundation for understanding specific neonatal pathophysiologic processes. Common pathophysiologic neonatal diseases and how they deviate from normal physiology are presented using a systems approach. Integrated into the course are diagnostic reasoning skills needed to manage the care of a critically ill neonate. Students will evaluate presenting clinical signs in the neonate requiring intensive care, determine the appropriate diagnosis and differential diagnoses, identify appropriate diagnostic tests and exams to determine the appropriate diagnosis in neonates with a variety of problems. For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 634. Advanced Clinical Practice: Neonatal NP II 2 Units
Prerequisite(s): NURS 629, NURS 633, and NURS 600.
Description: This course provides a theoretical foundation for evidence based neonatal nurse practitioner practice. Clinical management of cardiovascular, gastrointestinal, integumentary and hematologic systems will be the focus. For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)
NURS 635. Advanced Neonatal Pathophysiology and Clinical Management II 4 Units
Prerequisite(s): NURS 605, NURS 607, NURS 608, NURS 613, NURS 629, NURS 636, NURS 652, NURS 655, NURS 657, and NURS 658.
Corequisite(s): NURS 637.
Description: This course is the second of two courses that provides the student with didactic preparation in the concepts of advanced neonatal pathophysiology based upon normal neonatal physiology. Synthesis of topics in human embryology, genetics, and advanced neonatal pathophysiology and clinical management provides the foundation for understanding complex neonatal pathophysiologic processes. Complex pathophysiologic neonatal diseases and how they deviate from normal physiology are presented using a systems approach. Integrated into the course is the diagnostic reasoning needed to manage the care of the critically ill neonate. Topics addressed in course include those recommended to prepare the student for national certification as a neonatal nurse practitioner.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 636. Neonatal Nurse Practitioner Residency I 3 Units
Prerequisite(s): NURS 605, NURS 607, NURS 608, NURS 613, NURS 629, NURS 636, NURS 652, NURS 655, NURS 657, and NURS 658; NURS 633 (or concurrent).
Description: The purpose of the NNP Residency is to provide neonatal nurse practitioner students with learning opportunities that facilitate continued development in the Neonatal Nurse Practitioner role. Students will work with preceptors in a Level III-IV NICU's to advance the knowledge and skills acquired in previous coursework. This course provides the student with an immersion into the Neonatal Nurse Practitioner (NNP) role that allows development of increased skill and independence in decision-making as a NNP. Students are expected to identify, interpret, and apply current evidence to their practice and clinical decision-making in the care of critically ill infants.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 637. Neonatal Nurse Practitioner Residency II 3 Units
Prerequisite(s): NURS 604, NURS 605, NURS 607, NURS 608, NURS 613, NURS 629, NURS 633, NURS 636, NURS 652, NURS 655, NURS 657, and NURS 658.
Corequisite(s): NURS 635.
Description: This is the second and final residency course for NNP students. The purpose of the NNP Residency is to provide students with learning opportunities that facilitate continued development in the Neonatal Nurse Practitioner role. Students will work with preceptors in a Level III-IV NICU's to advance the knowledge and skills acquired in previous coursework. This course provides the student with an immersion into the Neonatal Nurse Practitioner (NNP) role that allows advance their skills and independence in decision-making as a NNP working with infants with increasingly complex medical problems. Students are expected to identify, interpret, and apply current evidence to their practice and clinical decision-making in the care of critically ill infants.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 638. Advanced Psychiatric Assessment and Clinical Interviewing Techniques 1 Unit
Description: The focus this course is the use of clinical interviewing techniques and psychiatric assessment of in determining the mental health status of clients throughout the lifespan.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 639. Advanced Psych Nurse Practitioner Mental Health Assessment Clinical 1 Unit
Prerequisite(s): NURS 638 and NURS 647.
Description: Course focuses on Initial Implementation of the APPMHN role: psychiatric assessment and interviewing strategies utilizing the current Diagnostic and Statistical Manual for diagnosing psychopathology. The practicum focuses on a lifespan approach with select clients in multicultural contexts who are at risk for or are experiencing dysfunction in the area of mental health.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 640. Introduction to CNL Project 1 Unit
Term Typically Offered: Summer Only
Prerequisite(s): Admission to MEPN Program.
Description: NURS 640 is a one credit course designed to assist the Clinical Nurse Leader (CNL) student with expectations for Nursing 631 Immersion I and NURS 632 Immersion II. These are "leadership" immersions culminating in an evidence-based performance improvement proposal and immersion project. The student will learn about immersion expectations; roles for the student, faculty, committee, and their preceptor; explore and critique completed projects for strengths and weaknesses; make connections between EBP theory and practice; and review documentation requirements for the Immersion Courses.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 641. Advanced Psychiatric Mental Health Nurse Practitioner I: Theory 3 Units
Description: Course introduces the advanced practice role with a focus on at least 3 modes of therapy across the lifespan and in multicultural contexts. Relevant literature, professional practice guidelines and current best practice standards will guide the selection of intervention models across the continuum of care.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 642. Advanced Psychiatric Mental Health Nurse Practitioner II: Theory 3 Units
Prerequisite(s): NURS 638, NURS 641, and NURS 645.
Corequisite(s): NURS 646.
Description: Course provides in-depth study of PMH interventions for clients with complex or co-morbid diagnoses. A lifespan approach encompassing diverse and multicultural contexts will be utilized. Relevant literature, professional practice guidelines and current best practice standards will guide the selection of intervention models across the continuum of care.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)
NURS 643. Quality and Safety in Advanced Practice Nursing  2 Units
Term Typically Offered: Fall, Spring
Fee: An additional $100.00 is charged for this course.
Description: Introduces students to the latest information on healthcare quality and patient safety. Focuses on the specific domains of healthcare quality. Quality frameworks and models will be the basis for explaining techniques of quality management. Examines healthcare quality and patient safety from a strategic viewpoint with the goal of making APN providers effective decision makers.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 645. Advanced Psychiatric Mental Health Nurse Practitioner I: Clinical  3 Units
Prerequisite(s): NURS 638, NURS 647, and NURS 649.
Corequisite(s): NURS 641.
Fee: An additional $200.00 is charged for this course.
Description: Course focuses on initial implementation of the APPMHN role: psychiatric assessment, diagnosis and intervention strategies including psychopharmacology. The practicum focuses on a life span approach with select clients in multicultural contexts who are at risk for or are experiencing dysfunction in the area of mental health. For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 646. Advanced Psychiatric Mental Health Nurse Practitioner II: Clinical  2 Units
Prerequisite(s): NURS 638, NURS 641, NURS 647, and NURS 649.
Corequisite(s): NURS 642.
Description: Course continues focus on implementation of APPMHN role. The practicum focuses on PMH interventions using a lifespan approach with individuals, families, and/or groups in diverse multi-cultural contexts who are experiencing co-morbid of complex psychiatric diagnoses. A variety of relevant intervention models will be utilized across the continuum of care.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 647. Advanced Psychopathology Across the Lifespan  2 Units
Description: This course is a comprehensive study of essential developmental and psychopathology across the lifespan. Clinical theory, standards of practice, neurobiology, genomic, genetic, and environmental influences will be examined in multicultural contexts.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 648. Advanced Clinical Assessment: Psych/Mental Health Nursing  3 Units
Prerequisite(s): Basic physical/health assessment skills are necessary; formal basic courses or continuing education courses in physical health assessment are acceptable.
Description: Builds upon basic assessment skills. The nurse's knowledge will be expanded to enable the development of the advanced practice role. Critical thinking and communication skills will be enriched by an accurate interpretation of a holistic approach to advanced clinical assessment of the adult.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 649. Advanced Psychopharmacology Across the Lifespan  2 Units
Prerequisite(s): NURS 611 (or concurrent).
Description: This course is a comprehensive study of essential psychopharmacology used across the lifespan. Clinical theory, standards of practice, neurobiology, genomic, genetic, and environmental influences will be examined in multicultural contexts.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 650. CNL Certification Prep  1 Unit
Term Typically Offered: Spring Only
Prerequisite(s): Admission to MEPN program.
Description: NURS 650 is a one credit course designed to assist the student with preparation for the Clinical Nurse Leader (CNL) Certification Exam. The course will use a certification review text, along with group activities and case studies to assist with knowledge, recognition, and application between and among the core CNL Competencies, Roles and Values. The course will engage the student in a 360 evaluation and exploration of skills, knowledge, and accountability for CNL professional practice.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 651. Evidence Based Nursing for Advanced Practice  3 Units
Prerequisite(s): NURS 652 and graduate-level Statistics (applied descriptive & inferential statistics); NURS 605 (or concurrent).
Description: Analysis of the value of research in advanced nursing practice. Focus is on the research theory and process, ethics, critique of the literature, and dissemination of findings.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 652. Advanced Statistical Application  3 Units
Fee: An additional $150.00 is charged for this course.
Description: This course will expose the student to basic and advanced concepts and practical applications of statistics. The student will learn to analyze data sets to address hypotheses and make inferences to populations.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 653. Advanced Practice Roles
Prerequisite(s): Admission to the Graduate Program in Nursing.
Description: This web-enhanced course focuses on the advanced practice roles of educator, consultant, researcher, leader, and expert practitioner. Scope of practice, credentialing, reimbursement and future issues are also addressed.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 654. Informatics in Health Care  3 Units
Description: National Nursing Informatics (NI) competencies will be covered as well as core NI principles, knowledge acquisition, process, generation and dissemination. Students will be prepared at the level of informatics innovators.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

Emphasis is on assessment, interpretation, and management of age-related functional and cognitive changes. The advanced practice nurse's role will be examined both as an individual practitioner and as a member of a collaborative inter-professional healthcare team. For class offerings for a specific term, refer to the Schedule of Classes. Fee: An additional $200.00 is charged for this course. | 0.5                                                                 | NURS 601, NURS 605, NURS 611, NURS 655, NURS 656, and NURS 611. | Description: This course provides an in-depth analysis of primary care of the older adult. Emphasis is on assessment, interpretation, and management of age-related functional and cognitive changes. The advanced practice nurse's role will be examined both as an individual practitioner and as a member of a collaborative inter-professional healthcare team. For class offerings for a specific term, refer to the Schedule of Classes. Fee: An additional $200.00 is charged for this course. |
NURS 667. Applied Geriatric Pharmacology in Nursing Practice 1 Unit
Prerequisite(s): NURS 611, NURS 655, and NURS 656.
Description: This course builds principles and content of advanced nursing pharmacology. It is designed to provide the adult gerontology nurse practitioner student with knowledge of pharmacokinetics, pharmacodynamics, and polypharmacy as related to the older adult.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 670. Cancer Epidemiology and Pathophysiology 2 Units
Prerequisite(s): NURS 550 or NURS 605, NURS 611, NURS 651, NURS 655, and NURS 656; NURS 653 (or concurrent).
Description: This course provides an opportunity to synthesize cancer-specific epidemiology and pathophysiology concepts for critical thinking and decision-making by the nurse in an advanced practice role in caring for patients with cancer and their families across the cancer-care continuum.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 671. Evidence-Based Cancer Treatment 3 Units
Description: This course provides the student an opportunity to integrate knowledge and principles of cancer treatment, associated responses and symptom management, and the late-effects of cancer treatment. Emphasis is placed on current theory and research in examining evidence-based nursing interventions to improve outcomes for clients with cancer and their families.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 672. Advanced Oncology Clinical Practice I 6 Units
Prerequisite(s): NURS 605, NURS 611, NURS 651, NURS 655, and NURS 656; NURS 653 (or concurrent) and NURS 671 (or concurrent).
Fee: An additional $200.00 is charged for this course.
Description: This course entails didactic classroom instruction and a mentored clinical practicum, which will provide students an opportunity to synthesize and apply knowledge in the clinical management of complex physical, cognitive, and psychosocial responses to cancer and its treatment.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 673. Advanced Oncology Clinical Practice II 7 Units
Prerequisite(s): NURS 605, NURS 611, NURS 651, NURS 655, and NURS 656; NURS 653 (or concurrent), NURS 671 (or concurrent), and NURS 672 (or concurrent).
Description: This didactic and clinical course will provide the student with an opportunity to develop expertise in clinical judgment and consultation, facilitation of learning; intra-and inter-disciplinary collaboration; systems thinking and care-delivery models; and advocacy and moral agency. A case-study approach will be used to analyse and systematically evaluate the multiple roles of the advanced oncology nurse.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 674. Adult-Gerontology Acute Care Nurse Practitioner I 4 Units
Prerequisite(s): NURS 611, NURS 655, and NURS 656.
Description: This course is an introduction to the acute care of adult-gerontology patients. Emphasis is placed on health promotion, health protection, problem identification, and management of complex health problems. The advanced practice nurse’s role will be examined both as an individual practitioner and as a member of a collaborative interprofessional healthcare team.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 675. Advanced Clinical Practice: Adult-Gerontology Acute Care Practitioner, Clinical I 3 Units
Prerequisite(s): NURS 611, NURS 655, and NURS 656.
Fee: An additional $200.00 is charged for this course.
Description: This clinical course places an emphasis on the assessment, diagnosis and collaborative management of adult clients who are acutely/critically ill or experiencing an exacerbation of a chronic health problem. The clinical focus is on the Adult-Gerontology Acute Care Nurse Practitioner performing health assessments, interpretation of data and the implementation of a collaborative plan of care.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 676. Adult-Gerontology Acute Care Practitioner II 4 Units
Prerequisite(s): NURS 674.
Description: This course provides an in-depth analysis of adult acute-gerontology care. Emphasis is placed on differentiating signs and symptoms, formulating diagnoses, and developing culturally competent plans of care for acute complex health problems. The advanced practice nurse’s role will be examined both as an individual practitioner and as a member of a collaborative interprofessional healthcare team.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 677. Advanced Clinical Practice: Adult-Gerontology Acute Care Practitioner, Clinical II 3 Units
Prerequisite(s): NURS 675.
Description: This clinical course emphasises advanced assessment, advanced diagnosis, and collaborative management of adult clients who are acutely/critically ill or experiencing an exacerbation of a chronic health problem. The clinical focus is on the Adult-Gerontology Acute Care Nurse Practitioner in performing complex health assessments, interpretation of data, and the implementation of a collaborative plan of care. This course builds on the clinical experiences in NURS 675.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 690. Special Topics 0.5-15 Units
Prerequisite(s): Consent of instructor.
Description: Selected topics in nursing and health care. Semester topic will be indicated in Schedule of Courses.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)
NURS 696. Independent Study 1-3 Units
Prerequisite(s): Departmental approval.
Description: Provides opportunity for the student, under the supervision of a departmental faculty member, to develop objectives and protocol for independent work related to the practice of nursing.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 698. Research Project 2 Units
Prerequisite(s): NURS 651.
Description: Provides the student an opportunity to develop, implement and present results of a research study of limited scope.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 699. Thesis 1-6 Units
Prerequisite(s): NURS 651.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 700. Theoretical Basis of Nursing 3 Units
Prerequisite(s): Admission to PhD Nursing; graduate-level Philosophy of Science course (or concurrent).
Description: The course examines the theoretical basis of nursing science and facilitates the refinement of critical skills necessary for evaluating theories, synthesizing theoretical components into conceptual models or middle range theories, and developing testable hypotheses.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 702. Philosophy of Science 3 Units
Prerequisite(s): Admission to PhD Nursing; BSN-PhD students must have 18 credits of required MSN courses completed.
Description: This course examines philosophies of science and epistemologies and their influence on knowledge development of nursing.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 710. Research Methodology I: Qualitative Research Methods 3 Units
Prerequisite(s): NURS 700 and NURS 702.
Description: This course examines qualitative methods as a scientific approach for building nursing knowledge. Qualitative research methods will be analyzed and applied. Ethical issues in conducting qualitative research will be discussed.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 711. Research Methodology II: Quantitative Design 3 Units
Prerequisite(s): NURS 700 and NURS 702; one doctoral-level stats course; second doctoral-level stats course (or concurrent).
Description: This course examines quantitative methods as a scientific approach for building nursing knowledge. Quantitative research methods will be analyzed and applied. Ethical issues in conducting quantitative research will be discussed.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 712. Research Methodology III: Nursing Measurement 3 Units
Prerequisite(s): NURS 711; two doctoral-level statistics courses.
Description: This course focuses on measurement of health-related phenomena. Measurement methods and instrument development are discussed. The psychometric and biometric properties of instruments used in research are evaluated.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 713. Research Methods Practicum 2 Units
Prerequisite(s): NURS 710 and NURS 711; NURS 712 (or concurrent).
Description: This guided practicum in the area of research methodology will allow students to gain mastery of a specific methodology that a PhD prepared nurse scientist may be expected to employ.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 714. Research Methodology IV: Analysis of Existing Data 3 Units
Prerequisite(s): NURS 712; two doctoral-level statistics courses.
Description: This course focuses on the analysis, interpretation, and presentation of existing quantitative data. Students will develop skills in the application of a variety of quantitative analysis strategies using existing data. Students will identify hypotheses and/or research question, test them using statistical methods, and interpret the results.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 715. Designing Mixed Methods Research in Nursing and Healthcare 3 Units
Term Typically Offered: Spring Only
Prerequisite(s): NURS 710 and NURS 711 or equivalent Foundations, designs, and applications of mixed methods research through study of relevant existing literature and proposal development in nursing and healthcare.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 720. Seminar in Advanced Leadership 3 Units
Description: Students will synthesize leadership concepts and theories with personal, professional, and organizational values within the changing political, ethical and sociocultural context in which leadership is practiced.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 721. Leadership Practicum 1 Unit
Prerequisite(s): NURS 720.
Description: This guided practicum for nursing leadership and education will allow students to gain mastery of a leadership role PhD prepared nurse scientists may be expected to fulfill.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)
### NURS 725. Analysis of Leadership and Health Policy  
3 Units

**Description:** This course provides an overview of leadership and political theories applicable to a variety of organizational settings. The influence of socio-cultural, economic, political, and ethical issues on leadership and policy is examined. The nurse's role in research, administration and advanced practice in developing and evaluating health policy is explored. For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

**Fee:** Fee 1: An additional $100.00 is charged for this course. Fee 2: An additional $200.00 is charged for this course. Fee 3: An additional $250.00 is charged for this course.

**Term Typically Offered:** Fall, Spring, Summer

**Grading Basis:** Pass/Fail

**Course Attribute(s):** CBL - This course includes Community-Based Learning (CBL). Students will engage in a community experience or project with an external partner in order to enhance understanding and application of academic content.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

### NURS 726. Clinical Practicum for the MSN NP I  
2 Units

**Grading Basis:** Pass/Fail

**Term Typically Offered:** Fall, Spring, Summer

**Fee:** Fee 1: An additional $100.00 is charged for this course. Fee 2: An additional $200.00 is charged for this course.

**Description:** The purpose of this course is to provide foundational clinical experiences in focused patient assessment, diagnosis, and management of common health problems among select patient populations. Students will begin practicing the role of an APRN under preceptor supervision.

**Course Attribute(s):** CBL - This course includes Community-Based Learning (CBL). Students will engage in a community experience or project with an external partner in order to enhance understanding and application of academic content.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

### NURS 727. Clinical Practicum for the MSN NP II  
2 Units

**Grading Basis:** Pass/Fail

**Term Typically Offered:** Fall, Spring, Summer

**Fee:** Fee 1: An additional $100.00 is charged for this course. Fee 2: An additional $200.00 is charged for this course.

**Description:** The purpose of this course is to provide foundational clinical experiences in comprehensive patient assessment, diagnosis, and management of common problems among select patient populations. Students will strengthen and enhance their advanced practice skills with preceptor supervision.

**Course Attribute(s):** CBL - This course includes Community-Based Learning (CBL). Students will engage in a community experience or project with an external partner in order to enhance understanding and application of academic content.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

### NURS 728. Clinical Practicum for the MSN NP III  
2 Units

**Grading Basis:** Pass/Fail

**Term Typically Offered:** Fall, Spring, Summer

**Fee:** Fee 1: An additional $200.00 is charged for this course. Fee 2: An additional $100.00 is charged for this course.

**Description:** The purpose of this course is to provide advanced clinical experiences in comprehensive patient assessment, diagnosis, and management of complex problems among select patient populations. Students will strengthen and enhance their advanced practice skills with preceptor supervision.

**Course Attribute(s):** CBL - This course includes Community-Based Learning (CBL). Students will engage in a community experience or project with an external partner in order to enhance understanding and application of academic content.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

### NURS 729. Clinical Practicum for the MSN NP IV  
2 Units

**Grading Basis:** Pass/Fail

**Term Typically Offered:** Fall, Spring, Summer

**Fee:** Fee 1: An additional $100.00 is charged for this course. Fee 2: An additional $200.00 is charged for this course.

**Description:** This clinical experiences focuses on synthesis of theoretical, scientific, clinical knowledge and practice-based skills in the diagnosis and management of existing and potential health problems. Emphasis will be placed on the collaborative and leadership roles of the advanced practice nurse in health care delivery.

**Course Attribute(s):** CBL - This course includes Community-Based Learning (CBL). Students will engage in a community experience or project with an external partner in order to enhance understanding and application of academic content.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

### NURS 730. Clinical Practicum for the MSN NP V  
1 Unit

**Grading Basis:** Pass/Fail

**Term Typically Offered:** Fall, Spring, Summer

**Fee:** Fee 1: An additional $100.00 is charged for this course. Fee 2: An additional $50.00 is charged for this course.

**Description:** The purpose of this course is to provide advanced clinical experiences in comprehensive patient assessment, diagnosis, and management of complex problems among select patient populations. Students will strengthen and enhance their advanced practice skills with preceptor supervision.

**Course Attribute(s):** CBL - This course includes Community-Based Learning (CBL). Students will engage in a community experience or project with an external partner in order to enhance understanding and application of academic content.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)
NURS 731. Clinical Practicum for the MSN NP VI 1 Unit
Grading Basis: Pass/Fail
Term Typically Offered: Fall, Spring, Summer
Fee 1: An additional $100.00 is charged for this course.
Fee 2: An additional $50.00 is charged for this course.
Description: This clinical experiences focuses on synthesis of theoretical, scientific, clinical knowledge and practice-based skills in the diagnosis and management of existing and potential health problems. Emphasis will be placed on the collaborative and leadership roles of the advanced practice nurse in health care delivery.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 735. PhD Seminar I 1 Unit
Prerequisite(s): NURS 735.
Description: This is the first of four courses that examine issues critical to socialization into the role of a nurse scientist.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 736. PhD Seminar II 1 Unit
Prerequisite(s): NURS 735.
Description: This is the second of four courses that examine issues critical to socialization into the role of a nurse scientist.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 737. PhD Seminar III 1 Unit
Prerequisite(s): NURS 736.
Description: This is the third of four courses that examine issues critical to socialization into the role of a nurse scientist.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 738. PhD Seminar IV 1 Unit
Prerequisite(s): NURS 737.
Description: This is the last of four courses that examine issues critical to socialization into the role of a nurse scientist.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 734. Advanced Pharmacology 3 Units
Fee: An additional $150.00 is charged for this course.
Description: This course provides an overview of informatics and the role it plays in the delivery of evidence-based care. Technological concepts related to data acquisition and analysis, data security, and telehealth will be reviewed within the context of delivering optimal patient care and enhance the student’s ability to transform data into information and knowledge for practice and scholarly inquiry.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 741. Advanced Pathophysiology 4 Units
Fee: An additional $200.00 is charged for this course.
Description: This course provides the student an opportunity to synthesize pathophysiological concepts essential for critical thinking and clinical decision-making by the nurse in an advanced practice role. The focus of this foundational course is on understanding pathological processes common among individuals of all ages by using knowledge from genetics, the biophysical and psychosocial sciences, and current research.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 742. Advanced Physical Assessment 3 Units
Fee 1: An additional $150.00 is charged for this course.
Fee 2: An additional $300.00 is charged for this course.
Description: This advanced health assessment course will focus on both normal and normal variant finding in the population of patients from adolescence to geriatrics.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 743. Epidemiology 3 Units
Fee: An additional $150.00 is charged for this course.
Description: This course will focus on the theory and concepts of epidemiology and social determinants of health, and how they can be applied to the field of nursing. This course will apply and integrate the principles and tools of epidemiology to the decision-making in a health care environment. The student will identify the different study designs and how each of them can be applied to answer specific questions related to population-based health care. Emphasis will also be placed on the application of appropriate analytic methods for these different designs and questions.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 744. Synthesis and Evaluation of Evidence in Practice 3 Units
Fee: An additional $150.00 is charged for this course.
Description: In this advanced course, students will critically evaluate, translate, and apply to practice evidence from a variety of sources. An emphasis is placed on the synthesis and dissemination of evidence.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 745. Informatics in Advanced Practice Nursing 3 Units
Fee: An additional $150.00 is charged for this course.
Description: This course provides an overview of informatics and the role it plays in the delivery of evidence-based care. Technological concepts related to data acquisition and analysis, data security, and telehealth will be reviewed within the context of delivering optimal patient care and enhance the student’s ability to transform data into information and knowledge for practice and scholarly inquiry.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)
NURS 746. Program Development & Evaluation 3 Units
Prerequisite(s): NURS 744.
Fee: An additional $150.00 is charged for this course.
Description: This course explores techniques and strategies used for designing, implementing and evaluating programs. Students will assess population needs, develop appropriate goals, determine intervention strategies and resource needs, and implement evaluation mechanisms. For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 747. Finance Management 2 Units
Fee: An additional $100.00 is charged for this course.
Description: This course focuses on the financial and business aspects of health care delivery. An emphasis is on the instruments and concepts used for analysis of practice initiatives and the development and implementation of effective plans to improve health outcomes. For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 748. Application of Leadership and Health Policy 1 Unit
Grading Basis: Pass/Fail
Term Typically Offered: Spring Only
Prerequisite(s): NURS 725 This course focuses on the application of leadership and engagement in health policy advocacy competencies pertinent to the nurse practitioner role.
Fee: An additional $50.00 is charged for this course.
Description: Emphasis is placed on demonstration of leadership skills, service in professional organizations, and design of advocacy strategies that intentionally influence the policy process. The promotion of advocacy efforts includes principles of social justice, diversity, equity, and inclusion.
Course Attribute(s): CBL - This course includes Community-Based Learning (CBL). Students will engage in a community experience or project with an external partner in order to enhance understanding and application of academic content.

NURS 749. The Business of Healthcare 2 Units
Term Typically Offered: Fall Only
Description: This course provides knowledge in the foundations of practice management and revenue operations for the practicing medical provider. Students will gain understanding of practice reimbursement models, the impact of data management and performance indicators on reimbursement, and maintaining awareness of the financial impact of practice decisions.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 750. DNP Project I: Project Inception 3 Units
Grading Basis: Pass/Fail
Fee 1: An additional $300.00 is charged for this course.
Fee 2: An additional $150.00 is charged for this course.
Description: In this course students will identify an area of interest and develop a DNP Project. The DNP Project will require the student to synthesize the evidence and apply the competencies learned throughout the curriculum to improve outcomes in health care systems. Students will have their completed proposal approved and will submit the proposal to the IRB as applicable.
Course Attribute(s): CBL - This course includes Community-Based Learning (CBL). Students will engage in a community experience or project with an external partner in order to enhance understanding and application of academic content.

NURS 751. DNP Project II: Project Implementation 3 Units
Grading Basis: Pass/Fail
Prerequisite(s): NURS 750.
Fee 1: An additional $300.00 is charged for this course.
Fee 2: An additional $150.00 is charged for this course.
Description: In this course students will implement their DNP Project. The DNP Project will require the student to synthesize and apply the competencies learned throughout the curriculum to improve outcomes in health care systems.
Course Attribute(s): CBL - This course includes Community-Based Learning (CBL). Students will engage in a community experience or project with an external partner in order to enhance understanding and application of academic content.

NURS 752. DNP Project III: Project Evaluation, Analysis and Dissemination 3 Units
Grading Basis: Pass/Fail
Prerequisite(s): NURS 751.
Fee 1: An additional $300.00 is charged for this course.
Fee 2: An additional $150.00 is charged for this course.
Description: In this course students will complete an evaluation and analysis of the DNP Project. Students will disseminate the completed DNP Project. The DNP Project will require the student to synthesize and apply the competencies learned throughout the curriculum to improve outcomes in health care systems.
Course Attribute(s): CBL - This course includes Community-Based Learning (CBL). Students will engage in a community experience or project with an external partner in order to enhance understanding and application of academic content.

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)
NURS 753. Adolescent Well Child Theory 1 Unit
Prerequisite(s): NURS 740 and NURS 741.
Fee: An additional $50.00 is charged for this course.
Description: This course is an introduction to advanced practice nursing. It provides a theoretical and practical base for the health care management of pediatric and adolescent clients. Emphasis is on the analysis and the implementation of the advanced practice nurse's role in the identification, prevention, and management of common pediatric health concerns.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 754. Clinical Reasoning in Advanced Practice Nursing 1 Unit
Fee: An additional $50.00 is charged for this course.
Description: This course will prepare the advanced practice nurse to make clinical decisions using a variety of decision making modalities.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 755. Diagnosis and Management of Adult Health in Primary Care 4 Units
Prerequisite(s): NURS 742 and NURS 754.
Fee: An additional $200.00 is charged for this course.
Description: This course provides an in depth analysis of primary care of the adolescent and adult. Emphasis is on differentiating signs and symptoms, formulating diagnoses, and management of acute and chronic conditions commonly encountered in primary care. The advanced practice nurse's role will be examined both as an individual practitioner and as a member of a collaborative inter-professional healthcare team.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 756. Procedures & Diagnostics for Adult Health 1 Unit
Prerequisite(s): NURS 742 and NURS 754.
Fee: An additional $50.00 is charged for this course.
Description: This course introduces the advanced psychomotor and diagnostic skills used in procedures that are commonly performed in the primary care setting. Emphasis is placed on indications, procedural techniques, and potential complications. Skills are taught in laboratories with a hands-on approach before application in the clinical setting.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 757. Diagnosis and Management of Women's Health in Primary Care 2 Units
Prerequisite(s): NURS 740 and NURS 741.
Fee: An additional $100.00 is charged for this course.
Description: The focus of this course is to the health and well-being of girls and women across the life-span. It emphasizes the application of concepts, theories, principles, and findings needed to provide care for common, well-defined obstetric and gynecologic health processes and problems of female adolescents and adults frequently encountered by nurse practitioners. The focus of this course is identifying between normal and abnormal, and in making differential diagnosis.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 758. Diagnosis and Management of Mental Health in Primary Care 2 Units
Prerequisite(s): NURS 742 and NURS 754.
Fee: An additional $100.00 is charged for this course.
Description: The focus of this course is on the mental health and well-being of individuals across the life-span. It emphasizes the application of concepts, theories, principles, and research findings needed to provide care for common psychiatric conditions encountered in the primary care setting. The focus of this course is identification of psychiatric conditions as well as treatment strategies and the recognition of situations where a referral is needed.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 759. Diagnosis and Management of the Older Adult in Primary Care 3 Units
Prerequisite(s): NURS 755 This course provides an in-depth analysis of primary care of the older adult.
Fee: An additional $150.00 is charged for this course.
Description: Emphasis is on assessment, interpretations and management of age-related functional and cognitive changes. The advanced practice nurse's role will be examined both as an individual practitioner and as a member of a collaborative inter-professional healthcare team.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 760. Gerontology Pharmacology 1 Unit
Prerequisite(s): NURS 742.
Fee: An additional $50.00 is charged for this course.
Description: This course builds principles and content of advanced nursing pharmacology. It is designed to provide the adult gerontology nurse practitioner student with knowledge of pharmacokinetics, pharmacodynamics, and polypharmacy as related to the older adult.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 761. Pediatric & Adolescent Well Child Theory 2 Units
Prerequisite(s): NURS 740.
Fee: An additional $100.00 is charged for this course.
Description: This course is an introduction to advanced practice nursing. It provides a theoretical and practical base for the health care management of pediatric and adolescent clients. Emphasis is on the analysis and the implementation of the advanced practice nurses role in the identification, prevention, and management of common pediatric health concerns.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)
NURS 762. Diagnosis & Management of Pediatrics in Primary Care  2 Units
Prerequisite(s): NURS 741.
Fee: An additional $100.00 is charged for this course.
Description: This course provides in-depth analysis of primary care of the child. Emphasis is on differentiating signs and symptoms, formulating diagnoses, and management of acute and chronic conditions commonly encountered in primary care. The advanced practice nurses role will be examined both as an individual practitioner and as a member of a collaborative interprofessional healthcare team.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 763. Advanced Neonatal Physiology & Pathophysiology I  3 Units
Prerequisite(s): NURS 785.
Fee: An additional $150.00 is charged for this course.
Description: This course provides a foundation in the cellular processes upon which neonatal pathophysiology occurs. Synthesis of topics in human embryology is the foundation for understanding specific neonatal pathophysiologic processes. Common pathophysiologic neonatal disease and how they deviate from normal physiology are presented using a systems approach.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 764. Neonatal Diagnostic Reasoning I  1 Unit
Prerequisite(s): NURS 785.
Fee: An additional $50.00 is charged for this course.
Description: This course is the second of two courses that provides the student with didactic preparation in the concepts of advanced neonatal pathophysiology based upon normal neonatal physiology. Synthesis of topics in human embryology, genetics, and advanced neonatal pathophysiology and clinical management provides the foundation for understanding complex neonatal pathophysiologic processes. Complex pathophysiologic neonatal diseases and how they deviate from normal physiology are presented using a systems approach. Integrated into the course is the diagnostic reasoning needed to manage the care of a critically ill neonate. Topics addressed in this course include those recommended to prepare the student for national certification as a neonatal nurse practitioner.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 765. Advance Neonatal Physiology & Pathophysiology II  3 Units
Prerequisite(s): NURS 763.
Fee: An additional $150.00 is charged for this course.
Description: This course is the second of two courses that provides the student with didactic preparation in the concepts of advanced neonatal pathophysiology based upon normal neonatal physiology. Synthesis of topics in human embryology, genetics, and advanced neonatal pathophysiology and clinical management provides the foundation for understanding complex neonatal pathophysiologic processes. Complex pathophysiologic neonatal diseases and how they deviate from normal physiology are presented using a systems approach. Integrated into the course is the diagnostic reasoning needed to manage the care of a critically ill neonate. Topics addressed in this course include those recommended to prepare the student for national certification as a neonatal nurse practitioner.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 766. Neonatal Diagnostic Reasoning II  1 Unit
Prerequisite(s): NURS 765.
Fee: An additional $50.00 is charged for this course.
Description: An advanced health assessment class emphasizing the processes and techniques of diagnostic reasoning with critically-ill neonates with diagnoses of advanced complexity and builds upon skills learned and applied Neonatal DDX I. Students will evaluate presenting clinical signs in the neonate requiring intensive care, determine the differential diagnosis, identify appropriate diagnostic tests and exams, and determine the appropriate diagnosis and treatment in neonates with a variety of problems.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 767. Neonatal Residency I  3 Units
Prerequisite(s): NURS 765.
Fee 1: An additional $300.00 is charged for this course.
Fee 2: An additional $150.00 is charged for this course.
Fee 3: An additional $250.00 is charged for this course.
Description: The purpose of the NNP Residency is to provide neonatal nurse practitioner students with learning opportunities that facilitate continued development in the Neonatal Nurse Practitioner role. Students will work with preceptors in a Level III-IV NICUs to advance the knowledge and skills acquired in previous coursework. This course provides the student with an immersion into the Neonatal Nurse Practitioner (NNP) role that allows development of increased skill and independence in decision-making as a NNP. Students are expected to identify, interpret, and apply current evidence to their practice and clinical decision-making in the care of critically ill infants.
Course Attribute(s): CBL - This course includes Community-Based Learning (CBL). Students will engage in a community experience or project with an external partner in order to enhance understanding and application of academic content.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 768. Neonatal Residency II  3 Units
Prerequisite(s): NURS 767.
Fee 1: An additional $300.00 is charged for this course.
Fee 2: An additional $150.00 is charged for this course.
Description: This is the second clinical residency course for the NNP students. The purpose of the NNP Residency is to provide neonatal nurse practitioner students with learning opportunities that facilitate continued development in the Neonatal Nurse Practitioner role. Students will work with preceptors in a Level III-IV NICUs to advance the knowledge and skills acquired in previous coursework. This course provides the student with an immersion into the Neonatal Nurse Practitioner (NNP) role that allows development of increased skill and independence in decision-making as a NNP. Students are expected to identify, interpret, and apply current evidence to their practice and clinical decision-making in the care of critically ill infants.
Course Attribute(s): CBL - This course includes Community-Based Learning (CBL). Students will engage in a community experience or project with an external partner in order to enhance understanding and application of academic content.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)
NURS 769. Neonatal Residency III  
3 Units  
Prerequisite(s): NURS 768.  
Fee 1: An additional $300.00 is charged for this course.  
Fee 2: An additional $150.00 is charged for this course.  
Description: This is the third and final clinical residency course for NNP students. The purpose of the NNP Residency is to provide students with learning opportunities that facilitate continued development in the Neonatal Nurse Practitioner role. Students will work with preceptors in a Level III-IV NICUs to apply the knowledge and skills acquired in previous residency semesters and coursework. This course provides the student with an immersion into the Neonatal Nurse Practitioner (NNP) role that allows them to advance their skills and independence in decision-making as a NNP working with infants with increasingly complex medical problems. Students are expected to identify, interpret, and apply current evidence to their practice and clinical decision-making in the care of critically ill infants.  
Course Attribute(s): CBL - This course includes Community-Based Learning (CBL). Students will engage in a community experience or project with an external partner in order to enhance understanding and application of academic content.  

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)  

NURS 770. Adv. Psychiatric Assessment of Psychopathology and Clinical Interviewing Across the Lifespan  
2 Units  
Prerequisite(s): NURS 742.  
Fee: An additional $100.00 is charged for this course.  
Description: The focus of this course is the use of clinical interviewing techniques and psychiatric assessment in diagnosing psychopathology in psychiatric mental health patients across the lifespan. The course builds upon the undergraduate psychiatric assessment course as well as the advanced physical assessment course. Further diagnostic reasoning skills will be developed based on a comprehensive study of essential developmental psychopathology across the lifespan. Students will apply advanced nursing knowledge of neurobiology, genetics, and environmental factors that contribute to the development of psychopathology. Normal and abnormal psychological development of the individual and how illness manifests as psychopathological given the right set of variables or circumstances are reviewed. Psychopathologies are addressed with an understanding of the complexity of clinical presentation and refining the student's ability to assess patients in a multicultural context.  

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)  

NURS 771. Foundations of Individual and Group Psychotherapy for the Adv. Practice Psychiatric Mental Health NP  
2 Units  
Prerequisite(s): NURS 740 and NURS 741.  
Fee: An additional $100.00 is charged for this course.  
Description: This course will introduce the role and foundations essential to safe, effective, and culturally relevant practice for the psychiatric-mental health nurse practitioner (PMHNP). Students will learn evidence-based individual and group psychotherapies and safe and effective medication management strategies as we explore relevant literature, professional guidelines, and current best practices. The course will employ online and active learning tools such as Perusall, Blackboard Discussion Board, podcasts, brief lectures, as well as in-person case studies and role-plays.  

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)  

NURS 772. Psychopharmacology  
2 Units  
Prerequisite(s): NURS 740 and NURS 741.  
Fee: An additional $100.00 is charged for this course.  
Description: This course is a comprehensive study of essential psychopharmacology used across the lifespan. Clinical theory, standards of practice, neurobiology, genomic, generic, and environmental influences will be examined in multicultural contexts.  

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)  

NURS 773. Diagnosis and Management of Children and Adolescents in Adv. Psychiatric-Mental Health Nursing  
3 Units  
Fee: An additional $150.00 is charged for this course.  
Description: This course will introduce the role and foundations essential to safe, effective, and culturally relevant practice for the psychiatric-mental health nurse practitioner (PMHNP) working with children, adolescents, and their families within different care settings. Developmental theories and mental and developmental disorders observed in the pediatric population will be discussed. Students will learn evidence-based individual and group psychotherapies and safe and effective medication management strategies as we explore relevant literature, professional guidelines, and current best practices. The course will employ online and active learning tools such as Perusall, Blackboard Discussion Board, podcasts, brief lectures, as well as in-person case studies and role-plays.  

For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)
NURS 775. Diagnosis and Management of Special Populations in Psychiatric Mental Health Nursing 2 Units
Term Typically Offered: Spring Only
Prerequisite(s): NURS 773 and 774.
Fee: An additional $100.00 is charged for this course.
Description: This course will expand on the role and essentials necessary for safe and effective care of the psychiatric-mental health nurse practitioner (PMH-NP) working with special populations. Global issues in mental health including access to and delivery of mental health care within the United States healthcare system will be discussed. The role of the PMH-NP delivery of evidence-based, culturally competent care to vulnerable persons with complex mental health needs and barriers to care are examined.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 776. Procedures and Diagnostics for the Acute Care NP I 1 Unit
Grading Basis: Pass/Fail
Term Typically Offered: Spring Only
Fee: An additional $50.00 is charged for this course.
Description: This laboratory and skills course places an emphasis on advanced psychomotor and diagnostic skills used by nurse practitioners in the care of adults and adolescents across the lifespan. These skills are learned and practiced in the classroom setting before application in the clinical setting.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 777. The Adult/Gerontology Acute Care NP Role 1 Unit
Term Typically Offered: Spring Only
Fee: An additional $50.00 is charged for this course.
Description: This course focuses on the role of the Adult/Gerontology nurse practitioner in the Acute Care setting as a leader and member of an inter-professional team and expert practitioner. Historical development of the nurse practitioner role, current scope of practice regulations, inter-professional communication, and clinical privileges are addressed.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 778. DNP Project Completion 1-3 Units
Grading Basis: Pass/Fail
Term Typically Offered: Fall, Spring, Summer
Fee 1: An additional $300.00 is charged for this course.
Fee 2: An additional $150.00 is charged for this course.
Description: In this course students will continue to implement and evaluate their capstone project. The capstone project will require the student to synthesize and apply the competencies learned throughout the curriculum to improve outcomes in health care systems.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 779. Diagnosis & Management in Acute Care I 4 Units
Prerequisite(s): NURS 740 and NURS 741.
Fee: An additional $200.00 is charged for this course.
Description: This course provides an in-depth analysis of adult-gerontology acute care in the areas if heart, lungs, bleeding disorders and x-ray interpretation. Emphasis is placed on differentiate signs and symptoms, formulating diagnoses, and developing culturally competent plans of care in adolescents or adults with acute, complex and/or critical illnesses or acute exacerbation of chronic or comorbid conditions. The advanced practice nurse's role will be examined both as an individual practitioner and as a member of a collaborative healthcare team.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 780. Procedures and Diagnostics for the Acute Care NP II 2 Units
Term Typically Offered: Fall Only
Prerequisite(a): NURS 740 and NURS 741.
Fee: An additional $100.00 is charged for this course.
Description: This course provides an in-depth analysis of adult acute-gerontology acute care in the areas of renal, autoimmune, gastrointestinal disease and trauma. Emphasis is placed on differentiate signs and symptoms, formulating diagnoses, and developing culturally competent plans of care in adolescents or adults with acute, complex, and/or critical illnesses or acute exacerbations of chronic or comorbid conditions. The advanced practice nurse's role will be examined both as an individual practitioner and as a member for a collaborative healthcare team.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 781. Diagnosis & Management in Acute Care II 3 Units
Prerequisite(s): NURS 779.
Fee: An additional $150.00 is charged for this course.
Description: This course provides an in-depth analysis of adult acute-gerontology acute care in the areas of renal, autoimmune, gastrointestinal disease and trauma. Emphasis is placed on differentiate signs and symptoms, formulating diagnoses, and developing culturally competent plans of care in adolescents or adults with acute, complex, and/or critical illnesses or acute exacerbations of chronic or comorbid conditions. The advanced practice nurse's role will be examined both as an individual practitioner and as a member for a collaborative healthcare team.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 782. Clinical Practicum: Population specific clinical for the NP 1-6 Units
Grading Basis: Pass/Fail
Term Typically Offered: Fall, Spring, Summer
Fee: An additional $300.00 is charged for this course.
Description: The purpose of this course is to provide advanced clinical experiences in comprehensive patient assessment, diagnosis, and management of complex problems among select patient populations. Students will strengthen and enhance their advanced practice skills with preceptor supervision.
Course Attribute(s): CBL - This course includes Community-Based Learning (CBL). Students will engage in a community experience or project with an external partner in order to enhance understanding and application of academic content.
For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)
NURS 783. Diagnosis & Management in Acute Care III  
Prerequisite(s): NURS 781.  
Fee: An additional $50.00 is charged for this course.  
Description: This course provides an in-depth analysis of adult-gerontology acute care in the areas of neurology, oncology and endocrine systems, as well as prevention, screening, and navigating the health care system. Emphasis is placed on differentiating signs and symptoms, formulating diagnoses, and developing culturally competent plans of care in adolescents or adults with acute, complex, and/or critical illnesses or acute exacerbation of chronic or comorbid conditions. The advanced practice nurse’s role will be examined both as an individual practitioner and as a member for a collaborative healthcare team. For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 784. Advanced Neonatal Pharmacology  
Prerequisite(s): NURS 741.  
Fee: An additional $150.00 is charged for this course.  
Description: This course provides a basis for understanding the pharmacokinetics and actions of specific groups of drugs commonly used in neonatal advanced nursing practice. Emphasis is placed on pharmacological action of drugs, side effects, appropriate dosing, monitoring, drug interactions and guidelines for use of drugs. Legal and ethical considerations of prescriptive practice are also addressed. For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 785. Advanced Neonatal Assessment  
Prerequisite(s): NURS 741.  
Fee: An additional $150.00 is charged for this course.  
Description: This course is an in-depth study of neonatal assessment techniques and normal versus abnormal variations seen in the newborn. Emphasis is on the clinical presentation of the newborn utilizing concepts from developmental anatomy and physiology as well as intrauterine factors that may alter findings. Students will learn advanced physical examination, gestational age, and neurobehavioral assessment skills specific to the neonate. For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 786. Human Embryology and Genetics  
Prerequisite(s): NURS 784 and NURS 741.  
Fee: An additional $250.00 is charged for this course.  
Description: This course provides the student with basic knowledge of the principles of human embryology and genetics. The genetic and embryological basis for congenital malformations in the high risk neonate will be discussed. Associated fetal physiologic principles will be correlated with embryological development. For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 787. Clinical Practicum for the DNP NP I  
Prerequisite(s): NURS 740 and NURS 741.  
Fee 1: An additional $400.00 is charged for this course.  
Fee 2: An additional $200.00 is charged for this course.  
Fee 3: An additional $250.00 is charged for this course.  
Description: The purpose of this course is to provide clinical experience in comprehensive patient assessment, diagnosis and management of common health problems among select patient populations. Students will begin practicing the role of an APN under preceptor supervision. Course Attribute(s): CBL - This course includes Community-Based Learning (CBL). Students will engage in a community experience or project with an external partner in order to enhance understanding and application of academic content. For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 788. Clinical Practicum for the DNP NP II  
Prerequisite(s): NURS 787.  
Fee 1: An additional $150.00 is charged for this course.  
Fee 2: An additional $300.00 is charged for this course.  
Description: The purpose of this course is to provide advanced clinical experience in comprehensive patient assessment, diagnosis and management of common and complex problems among select patient populations. Students will strengthen and enhance their advanced practice skills with preceptor supervision. Course Attribute(s): CBL - This course includes Community-Based Learning (CBL). Students will engage in a community experience or project with an external partner in order to enhance understanding and application of academic content. For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 789. Clinical Practicum for the DNP NP III  
Prerequisite(s): NURS 788.  
Fee 1: An additional $50.00 is charged for this course.  
Fee 2: An additional $100.00 is charged for this course.  
Description: This clinical experience focuses on synthesis of theoretical, scientific, and clinical knowledge as well as practice-based skills in the diagnosis and management of existing and potential health problems based on appropriate standards of care. Emphasis will be placed on the collaborative and leadership roles of the advanced practice nurse in health care delivery. Course Attribute(s): CBL - This course includes Community-Based Learning (CBL). Students will engage in a community experience or project with an external partner in order to enhance understanding and application of academic content. For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

<tbody>
<tr>
<td>NURS 790</td>
<td>Special Topics: Research, Theory, Policy, Leadership or Educational Concepts for Doctoral Students</td>
<td>1-6</td>
<td></td>
<td></td>
<td>This course is an opportunity for Doctoral Students to focus study in an area of interest germane to their dissertation work.</td>
<td>Admitted to the Doctoral Program; Completion of all coursework at the master's degree level.</td>
</tr>
<tr>
<td>NURS 791</td>
<td>Applied Statistics for Evidence Based Practice</td>
<td>3</td>
<td>150</td>
<td>Fall, Summer</td>
<td>The focus of this course is on the application of quantitative analysis strategies and statistical interpretation of existing evidence for quality improvement. Descriptive and inferential statistics including commonly used parametric and non-parametric tests will be covered. Students will also gain experience presenting findings via narrative, tabular, and oral formats.</td>
<td>An additional $150.00 is charged for this course.</td>
</tr>
<tr>
<td>NURS 792</td>
<td>Pharmacology for the Acute Care APRN</td>
<td>1</td>
<td></td>
<td>Summer Only</td>
<td>This course is designed to introduce the Advanced Practice Registered Nurse (APRN) acute care nurse practitioner student to the application of pharmacologic principles to special populations and specialized therapeutic areas. For class offerings for a specific term, refer to the Schedule of Classes (<a href="http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm">http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm</a>)</td>
<td>An additional $50.00 is charged for this course.</td>
</tr>
<tr>
<td>NURS 793</td>
<td>State of Science Review</td>
<td>1-3</td>
<td></td>
<td>Fall, Summer</td>
<td>This course provides an in-depth analysis of care of the pediatric mental health nurse practitioner role.</td>
<td>Admitted to the Doctoral Program; Completion of all coursework at the master's degree level.</td>
</tr>
<tr>
<td>NURS 794</td>
<td>The Psychiatric Mental Health Nurse Practitioner Role</td>
<td>2</td>
<td></td>
<td>Summer Only</td>
<td>This course will introduce the role and foundations essential to safe, effective, and culturally relevant practice for the psychiatric-mental health nurse practitioner (PMHNP) working with children, adolescents, and their families within different care settings. Developmental theories and mental and developmental disorders observed in the pediatric population will be reviewed. Evidence-based individual and group psychotherapies and safe and effective medication management strategies as we explore relevant literature, professional guidelines, and current best practices. Online and active learning tools such as Perusall, Blackboard Discussion Board, podcasts, brief lectures, as well as in-person case studies and role-plays will be used. For class offerings for a specific term, refer to the Schedule of Classes (<a href="http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm">http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm</a>)</td>
<td>An additional $150.00 is charged for this course.</td>
</tr>
<tr>
<td>NURS 796</td>
<td>Independent Study for Doctoral Students</td>
<td>1-9</td>
<td></td>
<td>Fall Only</td>
<td>Allows doctoral students to work with targeted faculty on a directed project with mutually identified objectives.</td>
<td>Admitted to the Doctoral Program; Completion of all coursework at the master's degree level.</td>
</tr>
<tr>
<td>NURS 800</td>
<td>Pathophysiology for Pediatric Acute Care</td>
<td>1</td>
<td></td>
<td>Fall Only</td>
<td>This course is designed to build on the general principles of pathophysiology. Physiologic manifestations commonly occurring in the acutely ill pediatric population will be discussed. For class offerings for a specific term, refer to the Schedule of Classes (<a href="http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm">http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm</a>)</td>
<td>An additional $50.00 is charged for this course.</td>
</tr>
<tr>
<td>NURS 801</td>
<td>Pharmacology for Pediatric Acute Care</td>
<td>1</td>
<td></td>
<td>Fall Only</td>
<td>This course is designed to build on the general principles of advanced pharmacology by preparing the Advanced Practice Registered Nurse (APRN) student to apply pharmacologic principles to the pediatric acute care population. For class offerings for a specific term, refer to the Schedule of Classes (<a href="http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm">http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm</a>)</td>
<td>An additional $50.00 is charged for this course.</td>
</tr>
<tr>
<td>NURS 802</td>
<td>Procedures for Pediatric Acute Care</td>
<td>1</td>
<td></td>
<td>Fall Only</td>
<td>This course introduces the principles and psychomotor skills necessary to perform various procedures and diagnostic tests that are common in the pediatric acute care setting. Emphasis is placed on indications, procedural techniques, and potential complications. Skills will be taught via simulation-based technology. For class offerings for a specific term, refer to the Schedule of Classes (<a href="http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm">http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm</a>)</td>
<td>An additional $50.00 is charged for this course.</td>
</tr>
<tr>
<td>NURS 803</td>
<td>Diagnosis and Management for Pediatric Acute Care I: Special Needs in Chronic Illness</td>
<td>3</td>
<td></td>
<td>Fall Only</td>
<td>This course provides an in-depth analysis of care of the pediatric patient with acute exacerbations of chronic illnesses. Emphasis is placed on differentiating signs and symptoms, formulating diagnoses, and developing culturally competent plans of care in infants thru adolescents. The advanced practice nurse's role will be examined both as an individual practitioner and as a member for a collaborative healthcare team. For class offerings for a specific term, refer to the Schedule of Classes (<a href="http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm">http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm</a>)</td>
<td>An additional $150.00 is charged for this course.</td>
</tr>
</tbody>
</table>
NURS 804. Diagnosis and Management for Pediatric Acute Care II: Acute Illness  2 Units  
Term Typically Offered: Spring Only  
Fee: An additional $100.00 is charged for this course.  
Description: This course provides an in-depth analysis of the pediatric patient with acute medical conditions. Emphasis is placed on differentiating signs and symptoms, formulating diagnoses, and developing culturally competent plans of care in infants thru adolescents. The advanced practice nurse’s role will be examined both as an individual practitioner and as a member for a collaborative healthcare team. For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 805. Diagnosis and Management for Pediatric Acute Care III: Critical Illness  3 Units  
Fee: An additional $150.00 is charged for this course.  
Description: This course provides an in-depth analysis of the pediatric patient who is critically ill. Emphasis is placed on differentiating signs and symptoms, formulating diagnoses, and patient stabilization while developing culturally competent plans of care in infants thru adolescents. The advanced practice nurse’s role will be examined both as an individual practitioner and as a member for a collaborative healthcare team. For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 806. The Pediatric Acute Care Nurse Practitioner Role  1 Unit  
Fee: An additional $50.00 is charged for this course.  
Description: This course focuses on the role of the Pediatric nurse practitioner in the Acute Care setting as a leader and member of an interprofessional team and expert practitioner. Historical development of the nurse practitioner role, current scope of practice regulations, interprofessional communication, and clinical privileges are addressed. For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 807. The Professional Role of the Advanced Practice Nurse  3 Units  
Term Typically Offered: Fall, Spring  
Fee: An additional $150.00 is charged for this course.  
Description: The role and critical issues that define Advanced Practice Nursing will be examined. Topics related to scope of practice, interprofessional collaboration, leadership and health policy will be explored. Guidelines and standards for legal, ethical, and financial issues that are often confronted in APRN practice will be analyzed. For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 809. Advanced Anatomy and Physiology for Anesthesia I  3 Units  
Term Typically Offered: Fall Only  
Fee: An additional $150.00 is charged for this course.  
Description: The first of two courses designed to provide the Nurse Anesthesia Resident with an in-depth study of the structure and function of the human body, through lecture, small group laboratory, and independent study, using Digital Human Software, cadavers, prosections, radiograph images, and static models. All organ systems will be covered, with a focus on those most relevant to the field of nurse anesthesia. Special emphasis will be given to cell structure and function, membrane physiology, microcirculation, hematology, renal, and acid base balance. For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 810. Advanced Anatomy & Physiology for Anesthesia II  3 Units  
Term Typically Offered: Spring Only  
Prerequisite(s): NURS 809 The second of two courses designed to provide the Nurse Anesthesia Resident with an in-depth study of the structure and function of the human body, through lecture, small group laboratory, and independent study, using Digital Human Software, cadavers, prosections, radiograph images, and static models. Fee: An additional $150.00 is charged for this course.  
Description: All organ systems will be covered, with a focus on those most relevant to the field of nurse anesthesia. Special emphasis will be given to the cardiovascular, respiratory, endocrine, gastrointestinal, central, and autonomic nervous systems, as well as the physiology of pain. For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 811. Chemistry and Physics for Anesthesia  3 Units  
Term Typically Offered: Fall Only  
Prerequisite(s): Admission to Nurse Anesthesia Program This course examines fundamental principles of chemistry, biochemistry, and physics applying to anesthesia practice and pharmaceutical agents. Fee: An additional $150.00 is charged for this course.  
Description: The scientific laws predicting behaviors of solids, liquids, gases, and vapors are emphasized. Other topics include anesthesia delivery systems, anesthetic agents, flammability, CO2 absorption, electricity, radiation, and radioactivity. For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 814. Intro to Anesthesia  3 Units  
Term Typically Offered: Fall Only  
Prerequisite(s): Admission to Nurse Anesthesia Program - NURS814 This course introduces the Nurse Anesthesia Resident to the OR suite and the role of the nurse anesthetist. Fee: An additional $150.00 is charged for this course.  
Description: Content focuses on the professional role of the anesthetist in the operating suite including the ethics of consent; sterile technique; preoperative preparation; anesthesia equipment, instrumentation, and technology; airway equipment; fluid/blood monitoring and replacement equipment; interpretation of data; positioning; patient safety; induction of general anesthesia; and documentation. Patient simulation labs will be utilized for developing psychomotor skills. For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)
NURS 815. Foundational Principles of Anesthesia I  
3 Units  
Term Typically Offered: Spring Only  
Prerequisite(s): NURS 814 The first of two foundational principles courses that focuses on the fundamental principles of anesthesia management and practice.  
Fee: An additional $150.00 is charged for this course.  
Description: AANA Standards for Nurse Anesthesia Practice and theory are synthesized emphasizing culturally competent individualized care across the lifespan. This course will provide Nurse Anesthesia Residents with knowledge regarding best practices and the safe use of anesthesia delivery systems and related equipment. Anesthetic states from sedation to general anesthesia, including regional anesthesia, and the standards of practice, including monitoring and the safe care of the patient along this continuum will be discussed. Critical thinking, patient safety principles, communication, and the professional role will be threaded throughout. For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 840. Clinical Seminar I  
1 Unit  
Grading Basis: Pass/Fail  
Term Typically Offered: Fall, Spring  
Description: Prerequisites or corequisites: NURS 787, NURS 788, NURS 789 This co-requisite course to clinical will enable students to meet competencies related to patient centered clinical care and reflect on unique aspects of the clinical experience. Skills regarding interprofessional teamwork, communication, ethical care, and application of technology will be applied to care provided in the clinical setting. Reflection of the application of these skills will allow for appraisal and growth of the student as a professional nurse practitioner. The importance of self-care for the NP professional will be highlighted throughout. For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 841. Clinical Seminar II  
1 Unit  
Grading Basis: Pass/Fail  
Term Typically Offered: Spring Only  
Fee: An additional $50.00 is charged for this course.  
Description: Prerequisites or corequisites: Enrollment in an APRN clinical course This co-requisite course to clinical will enable students to meet competencies related to patient centered clinical care and reflect on unique aspects of the clinical experience. An emphasis will be placed on recognizing and limiting personal bias in the delivery of care. Students will analyze factors such as cost, access, patient motivation, as well as social and cultural influences when developing a patient-centered plan of care. Reflection on fiduciary and social factors in the delivery of care will allow for appraisal and growth of the student as a professional nurse practitioner. The importance of self-care for the NP professional will be highlighted throughout. For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)

NURS 844. Advanced Practice Care: Birth up to 2 years of age  
2 Units  
Term Typically Offered: Spring Only  
Description: This course focuses on the care of the neonate and infants up to 2 years of age. Emphasis is placed on the identification of normal and abnormal growth and development milestones, in both the primary and acute care settings. This course is designed to develop critical thinking skills as they relate to health promotion, immunizations, preventative care, routine developmental and physiologic screenings, and safety issues. Additionally, the care of high-risk-infants with chronic disorders will be addressed, along with common primary care disorders encountered in this age group. For class offerings for a specific term, refer to the Schedule of Classes (http://htmlaccess.louisville.edu/classSchedule/setupSearchClassSchedule.cfm)
