PSYCHOLOGY - CLINICAL (PHD)

Doctor of Philosophy in Psychology - Clinical
Unit: College of Arts and Sciences (http://louisville.edu/artsandsciences/intro) (GA)
Program Website (http://louisville.edu/psychology/graduate/clinical)
Academic Plan Code(s): CPSYPHD

Program Information

Mission Statement
The mission of the Clinical Psychology Doctoral Program at the University of Louisville is to produce scientist-practitioners who are:

• Competent to conduct and evaluate research;
• Competent in implementing research-supported practice;
• Ethical and professional in their relationships with clients, students, and colleagues; and
• Prepared to be professionals in a diverse world.

General Information
The Department of Psychological and Brain Sciences, in the university’s College of Arts and Sciences, offers PhD programs in Experimental Psychology and Clinical Psychology. We do not offer any terminal master’s degree programs in our department.

The Clinical Psychology PhD program usually requires four years of full-time coursework, research, and clinical activities. Each student must also complete a one-year approved internship. Students are required to complete a Master’s Research Portfolio. After completion of the Master’s Portfolio, students write the preliminary examination and then move on to dissertation work. A dissertation proposal must be defended before a student may apply for an internship.

Financial support for graduate students in the PhD program is available in the form of teaching and research assistantships, University Fellowships, and placements in community service settings.

Accreditation
The Clinical Psychology PhD program is fully accredited by the American Psychological Association, Office of Program Consultation and Accreditation:

Office of Program Consultation and Accreditation
750 First Street, NE
Washington, DC 20002-4242

Admission Requirements
The Clinical Psychology PhD Program application deadline is December 1.

Completed graduate applications should be submitted online (http://louisville.edu/graduate/apply) to the University of Louisville, Graduate School, Graduate Admissions. Interested students may also call the Graduate School, Graduate Admissions at (502) 852-6495 for more information.

Our PhD programs admit students to begin in the fall semester, with a usual start date of July 1. Applicants must provide the following:

1. The Graduate Record Examination (GRE) General Test. Those for whom English is not their native language must also submit TOEFL scores.
2. Transcripts of college records from all schools attended must be submitted to the Graduate School, Graduate Admissions. Students must have earned an undergraduate degree from an accredited college or university.
3. Three letters of recommendation from academic sources are required and must be submitted to the Graduate School, Graduate Admissions.

Application materials are available online (http://louisville.edu/psychology/doctorate). For additional information, contact Maggie Leahy, (502) 852-4364.

The Clinical Psychology PhD curriculum contains two basic sets of core courses: department/general core and clinical core. The curriculum closely follows guidelines for accreditation established and maintained by the American Psychological Association’s Office of Program Consultation and Accreditation (http://www.apa.org/ed/accreditation).
