Dissertation

The primary requirement of a dissertation is that it contributes to the knowledge base of the social work profession. It must represent independent work and be based on original research. Dissertation committees have at least four members and must include one member outside of the Kent School. If the outside member does not have a primary appointment as UofL faculty but is otherwise qualified, they may be granted ad hoc approval to participate. Dissertation information such as deadlines and preparation guidelines dictated by the University are at the Graduate School website (<https://louisville.edu/graduate/current-students/thesis-dissertation-information/>). Please note semester deadlines and that the Request to Schedule Final Oral Defense form must be completed by the student. The required steps to complete the dissertation at the Kent School can be found in the Dissertation Guidelines.
