Minimum Total Hours 37

Pending approval of the department program coordinator, and approval by the Graduate School, a student may transfer up to six (6) credit hours of graduate credit from another institution.

Non-thesis option: Students electing a non-thesis option will complete the 37 credit hours specified above, with two differences. Students who select the non-thesis option will substitute one 600-level practicum and one elective for the six (6) credit hours of thesis. The non-thesis option also will include a Comprehensive Examination administered by Department Faculty.
Experiential Component
The Master of Arts does not require an experiential component. However, students may choose to do a practicum in a private business, community organization, or government agency that deals with communication. Students may complete the practicum in two ways. A student may turn current work or volunteer experience into a research project, or a student not previously affiliated with the practicum site may develop a project useful to the organization. In both cases, the student will work with a Communication Department faculty member to shape the project and will write a formal paper dealing with the project. Students who choose the practicum will be applying knowledge acquired in Communication coursework directly to area needs, thus serving the community and helping to build stronger university/community ties.

Electives include COMM 510; COMM 660; COMM 690. Three (3) credit hours of Practicum or Directed Reading may be taken beyond the courses taken for a non-thesis option. Three (3) credit hours may be taken outside of the Communication Department with the consent of the Faculty Mentor. Additional electives may be outside of Communication with consent of the Director of Graduate Studies.
