### Dual MSSW/MA in Social Work and Women's, Gender and Sexuality Studies

The dual Master of Science in Social Work/Master of Arts in Women’s, Gender and Sexuality Studies program recognizes the value of professional education in two interrelated fields and encourages students who have an interest in both Women’s, Gender and Sexuality Studies and Social Work to pursue these degrees simultaneously. Social workers and Women’s, Gender and Sexuality Studies scholars often seek to address identical or related societal concerns, albeit from different perspectives; understanding both disciplines enhances one’s effectiveness in both the analysis of and engagement with contemporary social and cultural issues. Women’s, Gender and Sexuality Studies courses strengthen the social worker’s understanding of the historical foundations for policies and structures that have an impact on social institutions and human conditions; Social Work courses help Women’s, Gender and Sexuality Studies scholars or activists to better understand human behavior, conflict resolution and social welfare institutions. A Women’s, Gender and Sexuality Studies and Social Work combination provides the tools of social change for an historic problem of gender inequality and injustice.

The curriculum leading to a dual degree is a 79 credit hour program which combines credits in Women’s, Gender and Sexuality Studies and the Kent School of Social Work and Family Science. Students take the core curriculum in both programs, but substitute elective credit hours with MA and MSSW credit hours. In addition, the Kent School of Social Work and Family Science has tailored its second year-long practicum to focus on issues of gender and women, adding that content and experience for the student.

Students must apply and be admitted to both programs in order to pursue the dual degree.
