HUMAN RESOURCES AND ORGANIZATION DEVELOPMENT (MS)

Master of Science in Human Resources and Organization Development
Unit: College of Education and Human Development (http://louisville.edu/education/)
Department: Educational Leadership, Evaluation, and Organizational Development (http://louisville.edu/education/departments/eled/)
Program Website (http://louisville.edu/education/degrees/ms-hrod/)
Academic Plan Code(s): See Degree Requirements, with Concentrations tab.

Program Description
This program can be completed in a traditional classroom format or entirely online (http://louisville.edu/online/programs/masters/master-of-science-in-human-resources-and-organization-development/).

This program educates professionals who lead workplace performance, development, and learning through discovery and critical inquiry. Students and graduates work in corporations, government agencies, health-care organizations, the military, non-profit organizations, education institutions, and community-based groups.

The program has three degree options, a standard degree variation and two concentrations which further emphasize specific aspects of this field:

- Master of Science in Human Resources and Organizational Development (MS HROD)*, which can be completed in a traditional format or entirely online.
- MS HROD, concentration in Health Professions Education—Education, learning, leadership, and organization change for health-care settings.
- MS HROD, concentration in Career and Technical Education—Performance development and learning in career and technical education through discovery and critical inquiry.

*Two previously offered concentrations in Workplace Learning and Performance (WLP) and Human Resource Leadership (HRL) were combined into the standard (no concentration) degree program, effective spring 2019. No new applications will be accepted for those concentrations.

Admission Requirements
The HROD Admissions Committee requires the following materials to make a decision about admission:

- Graduate School Application: Complete the online application to the Graduate School (http://graduate.louisville.edu/apply/).
- Official transcripts of all undergraduate and graduate work. Unconditional admission requires a minimum cumulative grade point average (GPA) of 2.5 for all coursework taken. Applicants who have attended a college or university outside of the United States are also required to submit an evaluation of their transcript through either WES (World Education Services) (http://wes.org/) or ECE (Educational Credential Evaluators) (http://ece.org/). Please note that transcript evaluations can sometimes take several weeks.
- Two letters of recommendation. If you have studied at a college or university in the last five years, the admissions committee prefers to see at least one letter from a faculty member. Other references can include work supervisors. Personal references (e.g. family, friends) are not accepted.
- Goal Statement Sheet [PDF]. The Admissions Committee evaluates applications based on how an applicant’s goals, professional experiences, and commitment to education are an appropriate fit with this program.
- Current Resume

Admission is competitive. Meeting the GPA minimum does not guarantee that prospective students will be accepted into the program.

Program Information
The program requires eleven courses, either 30 credit hours (portfolio/fieldwork) or 36 credit hours (thesis option—not available in all academic plans).

The curriculum in all four concentrations is centered around five program goals:

- Investigate Gap
- Produce Interventions
- Implement and Lead Change
- Evaluate Outcomes
- Integrate Foundational Knowledge and Skills

MS in Human Resources and Organizational Development
Academic Plan Code(s): HRODMS, HRODMS_O

Program Purpose: To prepare professionals who lead people, performance, development, and learning through discovery and critical inquiry.
