

SPECIAL FACILITIES AND SERVICES

University Libraries

The extensive library system at the University of Louisville is designed to support undergraduate and graduate student success. The University Libraries consist of:

- Ekstrom (Main) Library,
- Archives and Special Collections,
- The Margaret Bridwell Art Library,
- The Louis Brandeis Law Library,
- The Dwight Anderson Memorial Music Library, and
- The Kornhauser Health Sciences Library.

Each library offers welcoming, updated individual and group study spaces to support study and research. Many of the study and meeting rooms are reservable online. Ekstrom Library is open 24/5 to all students during the semester, and houses a Starbucks. The other libraries post current hours of operation on the University Libraries web site.

The University Libraries provide in person and virtual services including research assistance, book borrowing, course reserves, and spaces for group and individual study. Other services located in the University Libraries include the Writing Center, the Digital Media Suite, and the REACH Computer Resources Center for peer tutoring and academic coaching.

The Libraries' virtual and print collections are extensive and are selected to support the university's academic programs. In addition to print books and journals, the collections include e-books, e-journals, streaming media and digital collections that include student publications and scholarship such as theses and dissertations. Interlibrary loan services provide access to research materials not owned by the University Libraries.

More information about library facilities, services and materials can be found at the University Libraries website (<https://library.louisville.edu/home/>).

University Archives and Records Center

The University Archives is a research repository of national significance. It contains primary sources relating to the university, Louisville, and the nation. It attracts students, faculty, and scholars from Louisville, from elsewhere in the United States, and from other countries. It collects, preserves, and makes available for research historical manuscripts, oral history interviews, and other primary research materials, and thus serves as a research laboratory for humanists, social scientists, and others. Its collections include nineteenth and twentieth-century records of area businesses, cultural organizations, social service agencies, and churches; personal papers of politicians, scholars, members of the Jewish and African-American communities, women, and other prominent and representative Louisvillians; and publications, papers, and photographs documenting the history of the university. Students with class projects, theses, or dissertations requiring primary sources are invited to consult this office.

Health Insurance and Health Fees

This fee is not health insurance and does not provide for specialty care, hospitalization, x-ray or laboratory services. The PCHF fee can be waived with proof of health insurance or used as a supplement to the student's insurance.

All students enrolled in a program of study that requires them to train in the University's affiliated teaching hospitals such as the MD, DMD, Dental Hygiene, Audiology, and Speech Pathology programs are required to carry major medical insurance and pay a non-waivable Health Professionals Health Fee (HPHF). Students in these programs are charged for the university-sponsored insurance plan but may waive it with proof of alternate coverage.
