URBS 202. Discover Louisville 3 Units
Term Typically Offered: Spring Only
Description: This course will introduce students to the urban environment of Louisville, exploring the city's past, present, and future. Students will explore how the intertwining forces of politics, economics, social struggles, and cultural heritage shape the current spatial forms we see in the city today. Using Louisville as an urban laboratory, students will examine current socio-political and socioeconomics processes and connect these processes to the existing built environment.

URBS 302. Foundations of Urban Administration 3 Units
Term Typically Offered: Spring Only
Prerequisite(s): URBS 201 and URBS 202.
Description: This course is an introduction to urban administration. It involves the political, legal, and managerial principles that drive the development and implementation of public policy in American cities. Scholarly writing and news coverage of current events will guide our examination of the actors, institutions, and complex relationships that define the subject. As many of these concepts are illuminated by local events, where possible we will focus on Louisville.
