Specific coursework information can be found on the Degree Requirements tab.

Departmental Admission Requirements

Primarily intended for professionally oriented art and design students, and for those planning to pursue graduate work in the studio arts or to assume leadership positions in the fields of graphic or interior design, the BFA degree provides the opportunity for students to go into more depth in their chosen area.

Admission is selective, and enrollments may be limited. Enrolled University of Louisville students approved as majors in the BA program, Art track, in the Department of Art and Design may apply for admission to the BFA program upon completion of the Foundations courses and the introductory course to the track area they are interested in applying for. Applicants must have a minimum grade point average of 3.0 in department (studio art and art history) courses and a minimum cumulative grade point average of 2.5. Once admitted, students must maintain an overall grade point average of 2.5 or above and a 3.0 or above in department courses to remain enrolled in the BFA program.

Students who meet the BFA application requirements should contact the department to apply to the program (hite@louisville.edu).

Students who do not meet the GPA requirements will be placed on departmental probation and given one semester in which to raise their GPA. If unable to meet the GPA requirements within that time frame, students will be returned to the BA program, Art track. If removed, students may reapply to the BFA program once the GPA requirements have been met.

Upon admission to the BFA Program, students and faculty will complete and sign a BFA Student/Mentor Contract outlining the progress expected toward completion of the degree. If at any point during the student’s study the mentor deems the student’s progress and/or ability to meet his/her obligations as a student in the BFA program unsatisfactory that mentor has the right to resign his/her post as mentor. In this instance, a student must seek another mentor or transfer back into the BA program, Art track. If a student requests a different mentor and no faculty agrees to work with them the student will be returned to the BA program, Art track.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For the BFA candidate in Studio Art, this includes a committee review of the candidate’s work one semester prior to graduation and participation in the BFA exhibition held during the semester of graduation. For the BFA candidate in Graphic Design or Interior Design, this includes participation in the professional portfolio review at the end of their professional practice course.
