Bachelor of Arts in Communication

Unit: College of Arts and Sciences (<http://www.louisville.edu/a-s/>) (AS)
 Department: Communication (<http://comm.louisville.edu/department/>)
 Academic Plan Code(s): COMMBA, COMMBA_O

Program Information

This program can be completed in a traditional classroom format or entirely online (<http://louisville.edu/online/programs/bachelors/online-bachelor-of-arts-or-science-in-communication/>).

The Department of Communication offers both a Bachelor of Arts and a Bachelor of Science degree in Communication.

A Bachelor of Arts degree and a Bachelor of Science degree are equally valued. Both offer the students who earn them the opportunity to continue their education at the master's degree level if they are so inclined. But, the two tracks do tend to hone different strengths. The coursework required for a Bachelor of Arts degree generally allows students to sharpen their oral and written communication skills. The demands of a Bachelor of Science degree include sharpening basic Communication skills as well as developing analytical skills relevant to Communication in a more in-depth manner.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact the department.

Accelerated BA/MA (Master of Arts) in Communication

Communication majors who are considering pursuing a master's degree (MA) in Communication can speed up the process by applying some of their undergraduate credit hours toward a master's degree. Students accepted into the Accelerated BA/MA take three graduate courses (9 credit hours) as an undergraduate that apply toward both the bachelor's degree and the eventual master's degree.

Interested students must apply for admission to the program. Admission will be based on cumulative GPA (3.25 or better after earning 45 credit hours), completion of COMM 316 with a grade of B or higher, and two letters of recommendation from Communication faculty. Only students seeking a graduate assistantship will be required to take the GRE.

¹ Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree. See the Degree Requirements tab for specific coursework.

² 3 hours of College/School requirement is satisfied in Natural Science requirement in Program/Major supporting coursework.

Specific coursework information can be found on the Degree Requirements tab.
