

SUSTAINABILITY (BA)

This program was approved for students entering the university in the Summer 2022–Spring 2023 catalog year. For more information about catalog year, go to Catalog Year Information (<http://catalog.louisville.edu/undergraduate/university-wide-unit-specific-policies/catalog-year/>).

Bachelor of Arts in Sustainability

Unit: College of Arts and Sciences (<http://www.louisville.edu/a-s/>)

Program Website: Sustainability (<https://louisville.edu/upa/programs/bachelors-of-sustainability/>)

Academic Plan Code(s): See Track Requirements tab.

Program Information

The BA in Sustainability is an interdisciplinary approach to understanding issues, problems and solutions in sustainability, with a goal of preparing students to engage with these issues on multiple levels in the workplace and in their community.

Completion of this degree requires work to be submitted for the department's Learning Outcomes Measurement. For details, contact department.

Degree Summary

Code	Title	Hours
	General Education Requirements (http://catalog.louisville.edu/undergraduate/general-education-requirements/) ¹	31
	College/School Requirements	22
	Program/Major Requirements ¹	27
	Supporting Courses	32
	Track Requirements	9
Minimum Total Hours		121

¹ Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree. See the Degree Requirements tab for specific coursework.

Specific coursework information can be found on the Degree Requirements tab.

Accelerated BA Sustainability/MA in Interdisciplinary Studies: Concentration in Sustainability

Sustainability majors who are considering pursuing a master's degree (MA) in Interdisciplinary Studies with a concentration in Sustainability can speed up the process by applying some of their undergraduate

credit toward a master's degree. Students accepted into the Accelerated BA/MA program take three graduate courses (9 credit hours) as an undergraduate that apply toward both the bachelor's degree and eventual master's degree.

Special Requirements for Accelerated Master's Degree Program Admission

1. An undergraduate GPA of 3.0 or better
2. Completion of SUST 101, 201, 202, 301, 302 and 303 with a minimum GPA of 3.0

Core courses should include PLAN 675, SUST 602, and research methods.

The fifth year consists of graduate coursework leading to completion of the Master of Arts in Interdisciplinary Studies: Concentration in Sustainability. The accelerated curriculum allows students to apply 9 credit hours of graduate core course work taken during their undergraduate studies towards the completion of both the BA and Master's degrees.

Advising to ensure the requirements are met without extraneous credit hours is imperative and strongly recommended for timely degree completion and financial considerations for the accelerated degrees. Please be sure to consult with advisors and the director of the master's program.

Departmental Admission Requirements

Admission to the BA in Sustainability requires a minimum cumulative grade point average of 2.0.

The Application for Major form can be found on the Arts & Sciences Advising Center website (<http://louisville.edu/artsandsciences/advising/apply/>).

General Education Requirements

Code	Title	Hours
	General Education Requirements (http://catalog.louisville.edu/undergraduate/general-education-requirements/) [*]	31
The following courses are required by the program and satisfy the respective General Education Requirement(s):		
SUST 101	Introduction to Sustainability - SB	
SUST 303	Quantitative Research Methods in Sustainability and Urban Studies - QR	

^{*}All degrees require the completion of the University-wide General Education Program (link provided above). Some General Education requirements may be met in the requirements for the major or supporting coursework, in which case additional electives may be required to complete the minimum hours for the degree.
