1 Some credit hours from the General Education Requirements may be satisfied by courses defined by the program, in which case additional electives will be required to complete the minimum hours for the degree. See the Degree Requirements tab for specific coursework.

Specific coursework information can be found on the Degree Requirements tab.

Accelerated BA Sustainability/MA in Interdisciplinary Studies:
Concentration in Sustainability

Sustainability majors who are considering pursuing a master’s degree (MA) in Interdisciplinary Studies with a concentration in Sustainability can speed up the process by applying some of their undergraduate credit toward a master’s degree. Students accepted into the Accelerated BA/MA program take three graduate courses (9 credit hours) as an undergraduate that apply toward both the bachelor’s degree and eventual master’s degree.

Special Requirements for Accelerated Master’s Degree Program Admission

a. An undergraduate GPA of 3.0 or better
b. Completion of SUST 101, 201, 202, 301, 302 and 303 with a minimum GPA of 3.0

Core courses should include PLAN 675, SUST 602, and research methods.

The fifth year consists of graduate coursework leading to completion of the Master of Arts in Interdisciplinary Studies: Concentration in Sustainability. The accelerated curriculum allows students to apply 9 credit hours of graduate core course work taken during their undergraduate studies towards the completion of both the BA and Master’s degrees.

Advising to ensure the requirements are met without extraneous credit hours is imperative and strongly recommended for timely degree completion and financial considerations for the accelerated degrees. Please be sure to consult with advisors and the director of the master’s program.

Accelerated BA Sustainability/Master of Urban Planning (MUP)

Sustainability majors who are considering pursuing a master’s degree in Urban Planning (MUP) can speed up the process by apply some of their undergraduate credit toward a master’s degree. Students can apply 9 credit hours of graduate coursework taken during their undergraduate studies towards the completion of both the BA and MUP degrees.

Students should apply to this program in their junior year but are recommended to speak to the director of the BA in Sustainability, the director of the MUP, and A&S advising earlier. Students must have an undergraduate GPA of 3.0 to be admitted to the accelerated program.

Departmental Admission Requirements

Admission to the BA in Sustainability requires a minimum cumulative grade point average of 2.0.

The Change Major Request form can be found under the Academic Progress tile on ULink.

### Degree Audit Report

Degree Audit reports illustrate how your completed courses fulfill the requirements of your academic plan. What-if reports allow you to compare the courses you have completed in your current academic plan to the courses required in another academic plan. Should you have questions about either report, please consult with your academic advisor.

### Flight Planner

The Flight Planner tool is available for you to create a personalized Flight Plan to graduation. Advisors have access to review your Flight Planner and can help you adjust it to ensure you remain on track to graduate in a timely manner.

#### To create these reports:

- a. Log into your ULink account.
- b. Click on the Academic Progress tile.
- c. Select the appropriate report.
  - i. To run a Degree Audit report, click on "View my Degree Audit."
  - ii. To create a What-if report, click on "Create a What-if Advisement Report."
  - iii. To run a Flight Planner report, click on "Use My Flight Planner."
